Only Miracle Will Now Save Continent From the Impending Horrors of War

Germany, While Professing to be Desirous for Peace, persists in Making Elaborate War Strength Mobilization and Endeavors to Out-do All Other Countries in Preparing for Armed Conflict.

DEFIANT ULTIMATUM GIVEN FRANCE PARIS SAYS PEACE HAS FLOWN

France Abandon Hope and Declare it Folly to Rely on a Peaceful Settlement of the International Crisis—Herrick Ordered by Washington to Stick—May Represent Interests of Germany.

KING GEORGE IN FINAL APPEAL TO RUSSIA FOR PRESERVATION OF PEACE

English Monarch Watches Progress of War-like Situation Until Late at Night And at the Eleventh Hour Calls on Czar—Pointed Out That France is Bound by Treaty to Fight With Russia if Latter is Attacked by Germany.

By Associated Press.

London, Aug. 1.—A Berlin dispatch to Central News says it is officially confirmed that German mobilization is in progress, and that by common agreement the time limit of Germany's ultimatum to France has been extended 48 hours—until noon Monday.

Ultimatums were sent today by Germany to France and Russia. Russia was ordered by Emperor William to stop mobilization within twelve hours expiring at noon, while France was given eighteen hours to declare her attitude in certain contingencies.

Italy probably will remain neutral, as she regards the campaign of her allies, Germany and Austria, as an aggressive war in which she is not called on to intervene.

King George made a final effort today to maintain peace by telegraphing to Emperor Nicholas of Russia.

The Bank of England's discount rate went up to ten per cent today, the highest level it has ever reached. Continental banks also raised their rates.

France was reported to have ordered general mobilization of her forces as the prospects of peace are thought hopeless.

Strict censorship in European countries kept back news of military movements.

Communication by telephone between France and England is interrupted, the governments being desirous of preventing leakage of information.

Japan will not intervene unless British interests in the far east are in danger.

The German Ambassador was reported to have left St. Petersburg.

By Associated Press.

London, Aug. 1.—King George in a final effort to prevent the outbreak of a general European war, today, at the eleventh hour, sent a dispatch to Emperor Nicholas of Russia and his message was understood to contain an ultimate appeal for the preservation of peace.

His Majesty's action was taken after an audience with Premier Asquith at two o'clock this morning.

At the same time from Rome came the news, published in the Messagero, that Italy had decided to remain neutral unless attacked. While this information was not confirmed it was in official circles said to have caused no surprise. On the other hand the fact stood out that Germany had taken a very firm attitude and had asked Russia to suspend the mobilization of her forces within a time limit of twelve hours expiring at noon today. She also had asked France to define within 18 hours the attitude she would assume in case of a war between Germany and Austria against Russia. It was pointed out in unauthoritative circles that France's attitude could only be that under the terms of her treaty with Russia, she would be compelled to intervene.

TO LEAVE POST TONIGHT

Information reached the French Embassy here today that the German Ambassador in Paris has intimated that he proposes leaving his post tonight.

UNEASINESS AMONG GERMAN FORCES

German circles today showed considerable uneasiness all over the world. The German forces in China were being concentrated. The German Consul General left his post at Cape-town and German merchant ships were ordered to seek neutral ports.

In regard to the far east the Japanese Ambassador in London said today that as long as the warships belonging to the nations composing the triple alliance remained at Tsing Tau, Japan would take no action against them, but should they attack British interests or should Tsing Tau be attacked a situation would arise which would be dealt with by Japan in the spirit of the Anglo-Japanese alliance.

At the German Embassy reference was made to German mention of French neutrality in her note to the French government and it was said that this seemed to imply that France herself would not be attacked by Germany.

CLAIMS MOBILIZATION ORDERED

The Central News says the Russian Foreign Office this evening received an unofficial message to the effect that German mobilization had been ordered.

DEPRECATE GERMAN OBSTINANCY

The Russian embassy in London this evening points out the difficulty created for Russia by Germany's ultimatum. An official said Russia had nothing against Germany and had merely taken precautionary measures on the Austrian frontier. He added that in spite of the gravity of the situation "conversations" continued both at Vienna and St. Petersburg and that the Russian Premier had declared himself to be imbued with the most peaceful ideas and that he was prepared to go to the uttermost limits to prevent war.

PARIS PREDICTS WAR WILL COME

Paris, Aug. 1.—At the French Foreign Office today officials declared they considered that it would now be folly to rely on any hope of a peaceful outcome of the international crisis.

The German Ambassador to France had packed and was ready to leave at one o'clock this afternoon, when a dispatch reached him from Berlin making some sort of suggestion, which the French government took into consideration and about which it exchanged views with London and St. Petersburg.

AGAIN BOMBARDING BELGRADE

By Associated Press.

Athens, Aug. 1.—Austrian monitors this morning renewed the bombardment of Belgrade, according to telegram from Nish, Serbia.

Heir to Austrian Throne Leads Nation's Army

Crown Prince Charles Francis Joseph, next in line to the Austrian throne after the assassination of Archduke Francis Ferdinand, which was the immediate cause of differences between Austria and Serbia, will succeed his great-uncle, Emperor Francis Joseph, on the throne. He will lead a large part of the Austrian army in the crisis.

DECISION AFFECTS FIFTY-TWO LINES

Washington, D. C., Aug. 1.—(4:30 p. m.)—Five cent increase in rates for railroads granted by Interstate Commerce Commission to apply only to roads between Buffalo and Pittsburgh and the Mississippi river. All increases east of Pittsburgh and Buffalo denied.

Washington, Aug. 1.—It was announced today at the Interstate Commerce Commission "that every effort would be made to publish the decision in the eastern advance freight case" at, or after, three o'clock today.

The decision affects fifty-two railroad systems east of the Mississippi and north of the Potomac and Ohio rivers. The railroads have asked the increase on the ground that they can not meet the increasing cost of wages and other expenses. Opposition to the increase has been conducted.

EXCHANGE IS STILL CLOSED

By Associated Press.

New York, Aug. 1.—The New York stock exchange remained closed today with indications that its doors would not open until the European situation shows more improvement.

PRAY FOR PEACE

By Associated Press.

New York, Aug. 1.—Thirty million members of the World's Sunday School Association, scattered throughout the world, have been called on to pray tomorrow for peace.

WAR DECLARED BY GER- MANY TONIGHT

St. Petersburg, Aug. 1.—The German Ambassador, in the name of his government, sent to Russian Minister at 7:30 tonight a declaration of war.

London, Aug. 1.—It was announced tonight that Germany had issued a formal declaration of war against Russia.

OIL CANNOT BE SHIPPED

By Associated Press.

New York, Aug. 1.—All exports of petroleum and other oil products to Europe have been stopped by the Standard Oil Company, such commodities being considered contraband of war.

HAVE CHOLERA UNDER CONTROL

The veterinarians working on the eradication of cholera from Fayette county swine, have the disease well in hand in this county, and so far only two serious outbreaks have taken place within the past few months, and these were due to the owners of swine neglecting to notify the veterinarians until the disease had a strong hold upon their herds.

With the new disinfecting equipment, it is an easy matter for the veterinarians to completely disinfect a farm where cholera has existed.

MAY PREVENT GENERAL WAR

Russia and Austria Again Engaged in Direct Negotiations.

ENGLAND AND FRANCE ALSO AID

Germany Proclaims a State of Siege While Russia Orders a General Mobilization—Great Britain, France and Minor Nations Also Practically Mobilized—Exports of Foodstuffs Prohibited and Exchanges Closed.

London, Aug. 1.—There are only two factors giving the faintest hope of averting a general European war: First, Russia and Austria are engaged again in direct negotiations; second, both Great Britain and France are using their utmost endeavors in favor of peace.

On the other hand, Russia has ordered a general mobilization and Germany has declared a state of siege, which is undoubtedly a prelude to it if it does not cover mobilization.

France has not yet mobilized, but cabinet councils issued decrees establishing a moratorium and taking other action which could only be determined upon the eve of war. Unofficially, the French army virtually is being mobilized.

A very circumstantial, though as yet unconfirmed, report published in Rome says that Germany is about to demand from both Russia and France the immediate cessation of mobilization. Yet another rumor has it that the German ambassador has notified the French government of his early departure.

Great Britain is practically, though not officially, mobilized, and the smaller European states, as a precaution, have ordered the mobilization of their armies—Belgium, Holland and Switzerland to protect their territory from being used as a highway for the belligerents; Norway, Sweden and Denmark to guard themselves on general principle. Italy makes no announcement, and although a rumor credits her with the decision not to participate in the struggle, there is little doubt that she is making ready for mobilization.

Communication across Europe has been cut off and there is a universal application of the censorship, with the result that it is impossible to obtain any accurate knowledge of what military operations are going on in Serbia. All code telegrams are re-

fused. In short, all the European nations are becoming isolated from each other by railway and telephone. Many American travelers have been held up by the suspension of international trains.

The withdrawal of three famous German yachts from the Cowes regatta is significant. They include the emperor's Meteor and Krupp's Germania.

All the countries involved in the controversy have prohibited the export of many products and all stock exchanges in England and Scotland are closed. The European state banks have raised their rates and the Bank of England rate has been doubled.

WASHINGTON PESSIMISTIC

Washington, Aug. 1.—The only real news from Europe received officially in Washington added to the general pessimism as to the outlook. From Berlin it was authentically reported that the peace efforts of Germany had resulted in total failure and that war now seems inevitable.

Practically all hope has been abandoned of confining the struggle to Austria and Serbia or even to these two countries and Russia. In view of the censorship prevailing throughout most of Europe, and which it is expected will be made more rigid rather than relaxed, officials of the state department arranged for the issuance of fresh instructions to consuls and diplomatic officers requiring that they make frequent and full reports on all political, military and economic developments in the situation.

To date there have been mentioned more than a dozen countries as possible combatants in case a general war develops. At present there are but two combatants, Austria and Serbia, with Russia and Germany apparently about to get in.

FOREIGN CONSULS FACING PROBLEM

New York, Aug. 1.—The cancellation of all ships of the North German Lloyd and Hamburg-American lines has brought right up to a prominent place in the minds of the Austrian and Servian consul generals in this country the problem of getting their reservists and volunteers to Europe. All over the country men are on the move toward New York, expecting to be embarked and transported to the scene of action. The consul generals are wondering what they are going to do with them when they arrive here.

WIRE FLASHES

Salvatore Petuso, a leper, was deported from Cleveland to New York, whence he will be sent to Italy.

Workmen engaged in cleaning out Pigeon creek at Evansville, Ind., found pearls that are valued at more than \$1,000.

Bank of France decided to issue 10 and 20-franc bills to replace the coins that are being hoarded by French people to such an extent that an absolute famine has resulted.

John L. Zimmerman of Springfield, O., certified to the senate that he has expended \$2,643.07 in his race for the Democratic nomination for United States senator from Ohio.

John Bauman and James Schofield, miners of Wiseman, Alaska, are at Tacoma, Wash., after seven years on Hannum river, where they extracted a fortune in gold. They are on the way to their home in Ohio.

HERRICK SEES DARK OUTLOOK

Washington, Aug. 1.—President Wilson received a number of dispatches from American diplomatic and consular representatives in Europe on the war situation. Ambassador Penfield cabled from Vienna that the situation was growing worse rapidly. He reported that the emperor had ordered a general mobilization of troops. Ambassador Herrick reported an equally pessimistic outlook at Paris. He stated that one French bank had closed on failing to meet engagements amounting to \$1,000,000.

ROOSEVELT FOR FUSION

Oyster Bay, N. Y., Aug. 1.—Theodore Roosevelt went on record as favoring fusion with Republicans in the congressional contests in states where the Republicans are willing to repudiate their recognized leaders, whom the colonel characterizes as "bosses, bourbons and reactionaries."

Halbert B. Gardner of Portland, Progressive nominee for governor of Maine, and his campaign manager, E. B. Cochems, came to Oyster Bay to protest against nation-wide fusion with the Republicans. Gardner is a simon-pure Progressive and objects to alliances with the old line Republicans.

Roosevelt addressed a letter to Gardner to be used in the Maine campaign and promised to speak in the state. The letter is construed here as an open bid for the amalgamation of the Republican and Progressive forces in every state where the Republicans are willing to overthrow their present leaders or "bosses."

THOUSANDS DIE IN CHINA FLOOD

Washington, Aug. 1.—Drowning of more than 3,000 persons and property losses of \$4,000,000 resulting from great floods sweeping through twenty-nine districts in the province of Kwang-Tung, China, were reported in consular advices to the state department. Eight million persons are in want, the report added, crops have been destroyed and the country is still under water.

BLISTER ON HEEL CAUSE OF DEATH

Dayton, Aug. 1.—Blood poisoning that developed from a blister on the heel caused the death at a local hospital of Harry S. Sparks, a local ball player.

SET TOD TRIAL NEXT TUESDAY

Columbus, Aug. 1.—Trial of David Tod, candidate for governor, on complaint of County Auditor Sayre, of his suing an alleged false statement to the newspapers, was set for Tuesday morning by Judge Osborn. Tod was arraigned and pleaded not guilty. He asked for a jury trial.

U.S. AIDS TOURISTS IN EUROPE

Washington, Aug. 1.—Anticipating that thousands of Americans in Europe will find themselves seriously embarrassed by the war wave sweeping Europe, the state department took steps to handle promptly all cases which arise of Americans in distress. All consuls and diplomatic officers in Europe will be instructed at once to report promptly the name of every American who finds it necessary to apply to the American officials for aid of any kind. These reports will be given out here and the department will assume that all Americans who do not apply at consulates for assistance of one sort or another are in a position to care for themselves. Estimates made by steamship companies place the number of Americans in Europe, mostly tourists, at 150,000.

MURDER FRENCH LEADER

Jaures, Stout Opponent of Militarism, Killed in a Cafe.

Paris, Aug. 1.—Jean Leon Jaures, the Socialist leader in the chamber of deputies, was assassinated. He was sitting in a cafe when a young man entered and fired several shots at him. Two of the bullets took effect in the head of the Socialist leader and he expired in a few minutes.

Jean Leon Jaures was for years one of the most prominent Socialist leaders in Europe. He was always a strong opponent of militarism and the capitalists and a firm believer that international peace could be maintained only by the economic relations of the world. In debate he was forceful and when necessity arose his invective was scathing.

The man who killed Jaures is Raoul Villain, twenty-nine, and a student at the archaeological school. His mother has been a lunatic for twenty years and he himself is known as a crank. His only explanation for his act was that in opposing the three years' military service measure introduced by Premier Viviani the Socialist leader had shown himself an enemy of his country.

EXPENSE ACCOUNTS

Washington, Aug. 1.—Joseph B. Foraker and Warren G. Harding filed statements of the expenses they have incurred in their campaigns for the Republican nomination for United States senator. Foraker itemized a total of \$2,511.90, while Harding says he has spent \$1,475 to date.

AUTO DITCHED

Napoleon, O., Aug. 1.—Alex Bissonnette, a lumber buyer, suffered cuts on the head and four of his employees, Albert Baland of Toledo, Carl English, Thomas Bissonnette and Charles Teeple, received injuries when their automobile was ditched near Whitehouse.

G. O. P. RALLY AT COLUMBUS

Columbus, Aug. 1.—All candidates for nominations on the senatorial and state tickets are in attendance upon the Republican rally at Olentangy park this afternoon. Hundreds of out-of-town Republicans swelled the attendance. Willis and Tod boosters are out in force. A large Foraker crowd is here from Steubenville and a big Harding delegation came down from Marion. Ralph D. Cole also has workers at the rally. The three senatorial candidates—Cole, Harding and Foraker—speak this afternoon, and the two gubernatorial candidates, Willis and Tod, will speak in the evening.

Passing of the Foreign Country. Gradually the foreign country is passing from the world's map. In the international consciousness of the progressive peoples of the earth it has already disappeared. Geographically, we are drawing closer together, so that "a foreign people" is a misnomer. New trade routes, short cuts, railroads, canals and steamships make the world one. Distance is a matter of time, not miles. Wireless stations are being established by which we are to talk around the globe.

Until Better Roads Come

Never in the history of the smaller cities and towns in this section of the country has greater activity been shown in the matter of improving the streets than is being shown at the present time. Especially on the main thoroughfares of almost every small city and town is the improvement marked. The improvements are in nearly every instance made with a view to permanency, which speaks volumes for the progressive spirit of the people.

There is scarcely a city or town of consequence in Ohio which is not at work tearing up a large percentage of prominent streets and with a large force of men rushing the work of paving the roadway with either brick, wood blocks, concrete, asphalt or some other material which promises, if it does not guarantee, the permanency of the work.

The enormous amount of work being done by the State Highway Department in the rural districts is being duplicated by almost every community in Ohio.

Roads and streets, always a big problem, seem to have gone "to pieces" all at once and a road or street not permanently improved according to later day standards is regarded and catalogued as a bad one and one to be avoided.

Country communities and the smaller cities and towns are realizing the importance, from a trade standpoint, of catering, at least to the extent of building good roads and streets, to that vast army of people who now days travel the highway.

The admirable activity shown elsewhere is again a reminder that Washington is still on a dead stand with reference to permanent street improvement. Conditions in other counties in reference to work on the roads of the rural districts should remind us, too, that Fayette county has a number of miles of pikes and roads that can be repaired, pending the time when they can be rebuilt under "state aid."

This temporary work on the country roads, however, should be well done and with the very best material available. It will do absolutely no real good to haul sand and fine gravel on to the pike and dump it in a hole or rut and then spread out with a shovel.

The pikes and roads should be repaired with broken stone and the new material worked into the pike surface—the new connected up with and joined to the old—by a huge roller. A pike or road repaired in this manner will "do" until the coming of the day when we can have new roads and good roads rebuilt throughout.

Until better roads—"good roads"—come, we must do the best we can, not as little as we can.

Poetry For Today

"DON'T SAY THAT."
These are the words we often hear,
"But, goodness, don't say that;
'Tis true, but how it would appear,
So, goodness, don't say that!"
Bill went last evening to the farm
To see a girl whose manners charm;
He stayed till ten and broke his arm.
But, goodness, don't say that."
"Adolphus hustled for a place,
But goodness, don't say that;
He begged, while tears rolled down
his face,
But, goodness, don't say that."
"Would be much better if 'twere said
That he accepted it, instead—
Of course, he chased it when it fled,
But, goodness, don't say that."

"I came to have you print this note,
"But, goodness, don't say that;
"Twas I conceived it, I who wrote,
But goodness, don't say that;
The credit that's the writer's due
I give for good and all to you"—
Of course, we get the curses too,
But they say naught of that.

CONDITIONS IN ALASKA.

Farm and Factory Overshadowed by the Mining Industry.

The mining industry of Alaska is of the first order of importance to that territory. According to the thirteenth census, out of a total male population of only 39,598, aged fifteen years and over, 8,025 persons, or 20.3 per cent, were engaged or employed in the mining industry in Alaska, which goes to show that mining is of first importance in that territory. The capital invested in this industry was \$47,749,000 and the total amount paid during the census year in salaries and wages was \$6,819,000.

In marked contrast there were only 222 farms of a total value, including all farm property, of \$1,468,000. There were also only 152 manufacturing establishments, with an invested capital of \$13,000,000, employing 3,479 persons on salaries or wages, who earned \$2,328,000 for services during the census year. In 1913, according to the United States geological survey, there were 466 miles of railway in the territory, covered by nine different systems, from five to 195 miles in length, but only 260 miles were operated. Such transportation facilities are totally inadequate for a territory with a land area of 590,884 square miles. The mining industry is widely distributed throughout the whole of Alaska, and mining operations outside of southeastern Alaska are carried on under climatic conditions fundamentally more or less different from those of the United States.—Engineering and Mining Journal.

AS PARIS SEES US

We're a Queer Sort of Folk and Eat Pig Three Times a Day.

INDIANS AT OUR BACK DOORS.

They Live on Reservations on the Outskirts of All Our Cities and Parade the Streets in Blankets and Feathers. News Parisian Papers Print.

To peruse the Paris newspapers is to discover the most amazing statements about America and Americans—absurd, ridiculous things that reveal to the reader the unfortunate paucity of the Parisian's knowledge of the world. These errors occur in the very best journals of Paris and under editors who stand high in the newspaper world and should know better.

Here are a few examples culled from the leading papers of Paris of the sort of statements commonly passed out to the innocent French reader:

An article discussing the fuel used in different countries includes this statement: "In America the houses are heated by natural gas which comes from the Rocky mountains in tubes or pipes and enters the houses all over the country. No other fuel is now in use in America."

Another enlightening article relates that "all the country west of Chicago is a desert to the California, but it has been marked off with multitudinous ditches, which are kept filled with water from the great Mississippi river, and thus the land is made fertile and crops may be grown."

This about American Indians is amusing: "The American Indians are no longer a menace to civilization. They now live quietly on the outskirts of all American cities in quarters provided for them and called 'Indian reservations.' They may be seen at any time wandering the streets in their blankets and feathers, but they are now quite subdued—the white people no longer fear them."

Here is, indeed, a piece of news: "Canada is a great country and is proud of having been the birthplace of the greatest American patriot, George Washington."

A long article on the Mormon faith says: "The Mormons are a strange religious sect founded by the Rev. Arthur Smith about thirty years ago. Mr. Smith was a contemporary of Mrs. Mary Eddy, the Christian Science founder. But the two could not agree in their faiths, and Mr. Smith went west in a caravan with thousands of followers, many of whom were killed by the Indians in crossing the deserts of America. Mormons have many wives, like the followers of Islam, and they are to be found in all American cities with their large families."

The Parisian is enlightened as to the course of most of our fortunes in this wise: "The reason why so many of the great American fortunes are made in pork packing is because the staple of diet in America is pigs. Everybody eats pig three times a day. Just as the Englishman eats roast beef three times a day. The demand for this article of diet has been the means of many Americans founding great fortunes."

The truly democratic origin of our great men is the subject for another article. It tells us: "The presidents of the great American republic have all been of humble origin. The great Lincoln was a tailor and worked in great poverty for many years prior to his taking his place as president. President Cleveland was a New Jersey farmer and was perhaps the most prosperous of all the presidents in his early life. After he had served several terms he returned to his farm at Prince's Town and continued to lead the life of a farmer until he died, doing much of the work with his own hands because he liked to."

"President Roosevelt is of Jewish descent, though not of the orthodox faith, his people having been converted to the Puritan and pilgrim faith soon after they emigrated to the new world. Mr. Roosevelt was a policeman for many years before he entered political life and was also a midshipman in the navy for a time. He has always plainly shown his humble origin and during his terms at the White House would take long vacations and join parties of the roughest kind of men and live with them for weeks—lumbermen, cattle herders and miners. His 'high life' existence was always distasteful to him, and he lived the life of a humble workman even at the White House. Mrs. Roosevelt serving his meals for him, so distasteful were servants to him."

We are told "the sky sweepers of New York are modeled on the idea of the Eiffel tower, but covered with stone. The people who live in the upper apartments are the poorer classes, but their rooms are airy and light, which is really better than living in dark quarters near the ground, as they did on the east side in the days before sky sweepers were built."

Suffragettes will be interested to read the following: "In America woman suffrage has been accepted. The women vote, enter all political positions, and it is said that ere long there will be a woman president. But the unfortunate result of suffrage is that the American woman has become insufferable. She rules with an iron hand, and men are but puppets to her. A Frenchman cannot understand why American men will submit to this 'bossing.' They seem to be afraid of their women and in fear obey them."—Thorndike Colton in Boston Post.

Put Curb on Campaign Expenses of Candidates

By CHARLES S. MELLE, Former President New Haven Road

PUBLIC ownership is inevitable and is coming fast in this country, even if all these reforms are adopted. The cry against public ownership will vanish when the opportunity for making profit "out of concessions" of the business is gone.

I DO NOT BELIEVE THIS DEMOCRATIC REPUBLIC IS DOOMED TO FAILURE, BUT IT CANNOT LONG STAND IF MEN ARE GOING TO CONTINUE THE ACCUMULATION OF GIGANTIC FORTUNES, WITH ALL THE POWER THAT GOES WITH THEM AND ALL THE CLASS DISTINCTIONS AND ARROGANCE AND SERVILITY WHICH FOLLOW.

The temptation on the part of candidates for public office to receive assistance from the corporations in their campaign for election ought to be removed as far as possible.

I WOULD DO THIS BY ABSOLUTELY FORBIDDING ANY CANDIDATE TO PAY ANY EXPENSES BEYOND INCIDENTAL AND PERSONAL EXPENSES, SUCH AS CARE AND TRIFLING THINGS WHICH WOULD GO UNDER THE HEADING OF AN INCIDENTAL ACCOUNT.

Country Better Off Without Wizards of Finance

By SAMUEL UNTERMYER, Counsel to "Money Trust" Probers

OUR great leaders of business and finance of the past generation have been powerful factors in the splendid development of our country, but by the very qualities that have given them their power and been responsible for their success they have seriously crippled our industrial freedom, besides leaving behind them a trail of corruption which it will take a long time to eradicate.

IF WE STOP TO CONSIDER THE MONEY COST TO THE NATION OF THE ACTIVITIES IN THE DIRECTION OF UNSOUND PYRAMIDING OF TRUST BUILDING ENTERPRISES OF THE FEW MEN WHOSE NAMES WILL OCCUR TO ANY ONE WHEN THE SUBJECT IS MENTIONED WE SHALL, I THINK, ALL AGREE THAT THEY HAVE BEEN IN THE END A HEAVY BURDEN UPON US AND THAT, ON THE WHOLE, WE SHOULD HAVE BEEN FAR BETTER OFF WITHOUT THEM. THE COURTS HAVE BEEN FOR THE PAST DECADE AND WILL BE FOR A DECADE TO COME OVERWHELMED WITH THE RESULTS OF THEIR WORK IN THE EFFORTS TO UNDO IT.

THREE DISTRICTS FAVORED IN DIVISION OF COUNTY

County Board of Education and Various Rural and Village Boards Hold Meeting in Court House This Afternoon and Three Districts in County are Favored by Practically All Boards.

The County Board of Education held a meeting in the common pleas court room, Saturday afternoon, and some 40 members of the various boards of education in the county were present to take up the question of dividing the county into districts.

The first business was carrying over the minutes of the last meeting to a future meeting. Members of the Buck Run school district, which waited with Greenfield some weeks ago, were present, and explained their reason for joining the Greenfield district, stating that by so doing the conditions were much better for the district. The district has a school enumeration of 25 to 30 and has an actual attendance of 15 to 17 pupils.

The matter was taken under advisement by the County Board, after which discussions were invited, and nearly every township was represented and the voice of the board was heard.

J. E. Hopkins, for Madison township, stated that three districts in the county were favored in his township. Concord thought three sufficient. Marion, represented by member Turner, thought the Board should

have full power to district as it thought best, and that it was not for others to dictate how the districting should be done. He was willing to abide by the will of the Board. Horace Wilson, from the same district thought three districts sufficient.

Madison wanted three districts, as it would give 40 schools to each district in the county. Green also favored three districts. Jasper was willing to leave it to the decision of the county board. Jefferson represented by J. B. Davis, was willing to leave it to the judgment of the board, but favored three districts.

Paint desired a division of three. Perry and Wayne townships were not represented at the meeting, a school board meeting being held in Perry Saturday afternoon to let the contract for building a new school house at sub-district No. 6.

Union township, represented by Al Clouser, thought three districts sufficient, but was willing to abide by the decision of the board.

Howard Looker, of Paint township objected to Jefferson and Paint townships being in one district, pointing out the need of a high school in each district, one at Bloomingburg and the other at Jeffersonville.

After some further discussion it was necessary for Member Wilson to leave in order to be on the jury in Squire Craig's court, and adjournment was taken to meet at the call of the president.

man and Ralph Barrier, and part of the men deny that they were involved in the offense charged against them.

The men were taken before Mayor Coffey and arrangements were made for their hearing, which was set for Monday morning, at nine o'clock. Hickman and Barrier were released upon their own recognizance, while Peacock and Sprague were placed in the county jail to await their hearing.

The affidavit was filed after the police had investigated the trouble. Tatman claims that the four men assembled with riotous intent, and that they unlawfully gathered stones and stoned his house and himself.

The penalty for a conviction on the charge is a severe one, carrying with it a very heavy fine or imprisonment in the state prison or both.

The accused are making preparations to fight the charges against them.

FIRST ROAD PAVING WILL SOON BE READY FOR USE

Contractors Mark & Mark are now completing the first piece of brick road paving in Fayette county, on the Bloomingburg and Midway pike just out of Bloomingburg, the last brick being laid Friday.

It will require a few days to apply the finishing touches, after which the road will be allowed to lay without use for some ten days, and it will be thrown open to traffic about August 15th.

The paving is 3,960 feet in length and 16 feet in width, inside the concrete curb. The brick were laid upon a foundation of gravel and sand, and the foundation was securely packed by rolling before the brick were placed in position. After the brick were laid they were rolled eight times with a heavy tandem roller, after

which they were securely cemented in place, making the roadway absolutely waterproof.

The last day of the work, one bricklayer laid 26,000 brick in place, handling in all about 260,000 pounds of brick in the one day.

Persons who have inspected the roadway are greatly pleased with the work, and when thrown open to traffic the road will be attractive and one which will be much used by machines. Arrangements are already under way to prohibit any unusual speeding on the piece of road.

Tuesday the contract for a mile more paving, beginning at the northern end of the present piece of paving, and extending almost to the south foot of the Willis Hill, will be let. The work will not be started until next spring, however.

PRISONER ESCAPED WITH HANDCUFFS

Chief of Police D. L. Moore Saturday received a wire communication from Constable William Hester, of South Salem, asking him to be on the lookout for an escaped prisoner named John Denner, who escaped from the Salem officer Friday night.

According to Constable Hester the man made his get-away while handcuffed. No other information save a description accompanied the request, but it is supposed that the man is a former resident of this city who has often been in trouble, and who was last arrested here on a charge of bootlegging and ordered out of the city.

John Denner made his escape from the officers in this city at one time.

WHITACRE LOSES SUPPORT OF POST IN HIS CAMPAIGN

Washington, D. C., July 31—Because of his declaration that he would bolt the Democratic party if Governor James M. Cox is renominated, and his violence toward those who interrupted him at a recent political meeting in Lancaster, Ohio, Representative John J. Whitacre, candidate for the Democratic nomination for Governor of Ohio, has forfeited the active support of Representative James D. Post, of Washington C. H., who so far has been Whitacre's chief adherent in the Ohio delegation.

Representative Post left Washington today for his home. He said he would make no speeches for Representative Whitacre. A few days ago he intended to devote his home visit to speeches in behalf of Whitacre's candidacy.

Whitacre's recent activities have resulted in the change of heart on the part of Post and he apparently proposes to leave the Whitacre candidacy severely alone while in Ohio.

CITIZENS WANT SNYDER HANDLED

Regarding the murder of Abe Hiles, a former resident of the A. N. Peters farm, just south of Good Hope, the Waverly Democrat says:

"We have a letter from a leading citizen of Perry township, denouncing the account of what the writer denominates, the almost wanton murder of Abe Hiles. The writer goes on to say that Snyder owed Hiles' daughter some money for work and that Hiles went after the money when the men quarreled. Later Hiles and wife went to the field to pick berries when Snyder took his gun

and ordered Hiles off his land. According to Mrs. Hiles, her husband turned to get his bucket when Snyder fired and shot him in the legs. Mrs. Snyder and Mrs. Hiles moved him home on a sled. The writer asks whether a man may be murdered, in substantially cold blood and nothing done about it. A widow and five little children are left practically destitute."

In Social Circles

An affair of exceptional pleasure and distinctive charm was the reception given by Mrs. George H. Hitchcock and her mother, Mrs. John Stuckey, of Cincinnati, Friday afternoon.

Fifty guests, chiefly confined to Mrs. Stuckey's former friends in her home town, thoroughly appreciated the opportunity of renewing earlier acquaintance together with the cordial hospitalities of the afternoon. A graceful cluster of roses shed perfume through the rooms and a dainty summer refreshment was served.

Assisting the hostesses were Mrs. D. S. Craig and Miss Marie Hegler.

The handsome Jackson home on N. Main street was the scene of an exceptionally attractive summer party, Friday morning, given by Miss Emma Jackson in honor of her cousins, Miss Louise Bradford, of Champaign, Ill., and Miss Margaret Fullerton, of Columbus.

A profusion of flowers, black-eyed Susans, snapdragons and marigolds carrying out a harmonious color scheme in shades of yellow and artistically arranged in baskets and vases, graced the spacious rooms.

Fifty younger matrons and girls found the unique entertainment of

the morning, "A Proxy Trip to Europe," as delightful as it was out of the ordinary, and the ingeniousness of the hostess in devising and carrying it out to successful completion, received the unqualified approval of the guests.

Miss Bradford, who possesses a very beautiful voice and the true artistic temperament, added to the pleasure of the morning by several beautiful songs, Miss Dorothy Fullerton accompanying.

Miss Jackson was wearing a lovely gown of white batiste embroidered in pink, with pink girdle.

Miss Bradford was looking extremely pretty in a taffeta gown of white and blue stripe, with trimmings of blue and American Beauty.

Miss Fullerton was charming in lavender and white striped silk, with tunic skirt.

Assisting in the morning's hospitalities, which included a delicious summer collation, were Mrs. George Jackson, Mrs. Frank M. Fullerton, Mrs. Howard Griffith, Misses Dorothy Fullerton, Ada Woodward, Lillian Davis, and Miss Lucile Jefferson, of Bloomingburg.

Mrs. J. A. Worrell enjoyably entertained two tables of "bridge" Friday afternoon.

Mr. George Hitchcock has sold his attractive home on Oak street to Mr. Graham Beckel, of Dayton, who will shortly move his family to this city. Mrs. Beckel's former home. Mr. Hitchcock purchased the Saxton home residence on Washington avenue and will remodel it for the occupancy of himself and family.

Mr. and Mrs. Chas. A. Stafford, daughter, Miss Annette, and Miss Flora Allen motored to Russell Point Saturday. Mr. and Mrs. Stafford will spend several days, Miss Stafford and Miss Allen remaining for a ten days camp with friends from Dayton.

Mrs. Theodore F. Brown and guest, Mrs. Clara A. Ent, of Kansas City, were enjoyably entertained Friday by Mr. and Mrs. J. A. McLain and Mr. and Mrs. O. D. Smith, at their attractive country home east of town. Mrs. Ent went to Wilmington Saturday to spend Sunday with friends.

Mrs. Bertha S. Miller and son Oliver, return tonight from a two months' visit with Mrs. Miller's sister Mrs. Will Simpson, and Mrs. George Allen, in Chicago, and relatives in La Fayette, Ind.

Mrs. Charles Allen returned Friday evening from a visit of several days in Columbus.

Mr. Jesse F. Cross returned Saturday morning from Columbus, where he was called as a member of the State Agricultural Board to arrange for State Fair judges.

Miss Nelle Ireland returned Saturday night from a visit of several weeks in Urbana and Mechanicsburg.

Mr. and Mrs. Ellis Daugherty, Miss Dora Hays and Dr. Loring Brock are spending Sunday at Buckeye Lake.

Edith and Anna Louise Wells, who have been visiting their grandparents Mr. and Mrs. J. P. Harsha, for the past month, will return Sunday to their home in Toledo. Their uncle, Mr. Paul Harsha, accompanies them from Columbus.

Mr. Lewis Moore made a motoring trip to Russell's Point Saturday accompanied by Mr. and Mrs. J. W. Rothrock and grandson Arthur Rothrock, who will remain for a summer outing. Mr. Moore expects to return the first of the week.

Misses Nellie Haigler, Ruth and Bertha Mowery, Nellie Brock and Ella Hamer returned Friday night from Oxford, where they have been attending summer school.

Mrs. Grant Marchant and daughter Miss Iris, leave the first of the week for Palmetto, Florida, to join Dr. Marchant, who is interested in orange and grape fruit groves in that section.

William Frayne and Frank Collopy returned Friday night from the Miami University Summer School.

Dr. George Wood and daughter Miss Priscilla, Mr. John Fisher, of Wilmington, and Miss Constance Ballard were motoring guests of the party at Sweet Briar Ridge yesterday.

Misses Arthelia Patterson, Nona Thompson, Goldie Baughn, Mary Rowe, Pearl Gates and Zoe Sorrell, returned Friday night from Oxford, where they have been attending the Miami University summer school.

Mr. and Mrs. Albert S. Glascock spent the past two days in Cincinnati.

Mrs. N. S. Barnett spent Friday in Columbus, the guest of her sister Mrs. E. F. Kinnear.

Mr. Moses Robbins, of Washington D. C., and mother, Mrs. Sidney Robbins, are the guests of Mr. and Mrs. C. F. Bonham today, enroute from Good Hope, where they have been the guests of Mr. I. N. Bonham and sister, Miss Emma. Mr. and Mrs. C. F. Bonham go to Columbus with them Sunday to attend a family reunion at the home of Mr. and Mrs. Clarence Obetts.

Messrs. Will E. Sumner and Carl Sumners are spending Sunday at their home in Jackson.

WILLING WORKERS PICNIC FRIDAY

The women of the Willing Workers of East End Chapel with their children, enjoyed a jolly picnic and bountiful picnic supper at the old fair grounds Friday.

A pink and white color scheme was carried out in the supper and the society was indebted to Sauer's Bakery for a large pink iced cake, with "Willing Workers of East End Chapel" in white letters.

Thirty women and children engaged in various games and amusements and "Women's Races" created fun galore. The winners in the races were as follows: 1st. Fat Women's Race, Mrs. Owen Ford, won first, Mrs. Wm. Craig and Mrs. Milt Barnes tied for second. 2nd Race, Mrs. Frank Whitmer first; her fleetness leaving no chance for Mrs. Craig and Mrs. Barnes, or Mrs. Lynn Smith and Mrs.

Wert Backenstoe, who lost on account of nobbles.

Mrs. Sherman Reeder acted as judge.

The party had such a fine time that they planned to have another picnic before school begins.

Mrs. Robert Bonham, daughters Virgie and son Andrey of Cambridge, Iowa, were out of town guests.

SENATE AMENDS CURRENCY LAWS

Step Taken to Safeguard the Financial Situation Here.

HOUSE ALSO TO ACT PROMPTLY

Action of the Senate Follows Closely Upon the Heels of the Treasury Department's Statement That \$500,000,000 of Emergency Currency Is In Readiness to Be Issued to the Banks—President's Views.

Washington, Aug. 1.—The most impressive of several steps taken by the federal government to safeguard the financial situation in this country growing out of the impending European war was action by the senate amending the Aldrich-Vreeland emergency currency act. This action was taken unanimously by the senate and in almost record time in response to a suggestion from the secretary of the treasury.

The effect of the legislation is to authorize the secretary to suspend temporarily, whenever in his judgment he deems it necessary, the operation of the limitation in the Aldrich-Vreeland act by which banks applying for permission to issue emergency currency are required to have bond-secured banknote circulation outstanding to the amount of 40 per cent of their capitalization.

The amendment will be passed by the house without delay. The introduction of the amendment in the senate and the immediate action on it followed closely on the heels of a statement by the treasury department announcing that the \$500,000,000 of emergency currency available under the Aldrich-Vreeland act is in readiness in the treasury vaults to be issued to the banks of the country if they desire it.

It was made plain that this step was taken merely as a precautionary measure and to guard against any depletion of the reserves of the banks pending the inauguration of the currency system.

Promptness

1. Prompt in sending the interest to depositors.
2. Prompt in making appraisements for borrowers.
3. Prompt in answering inquiries of all kinds.
4. Prompt in balancing the account books of customers.
5. Prompt in every detail of the company's business.
6. Assets \$7,700,000. Five per cent paid on time deposits.

President Wilson expressed approval of the closing of stock exchanges as a precautionary measure, and after a conference with Secretary McAdoo an official statement was issued announcing that the treasury would aid the banks in all localities so far as it could legitimately. In addition to \$500,000,000 emergency currency now awaiting issue at the call of the banks, the treasury has funds to deposit in financial centers which may need help.

CINCINNATI IS STILL ON MAP

Cincinnati, Aug. 1.—The Cincinnati stock exchange was one of the few exchanges in American financial centers that, owing to the war scare, transacted business. The volume of business was extremely light.

MEXICAN REBELS SUFFER REVERSE

Several Hundred Killed In Battle With Federal Force.

Chihuahua, Mexico, Aug. 1.—Telegraphic advices from General Villa from Aguascalientes announced that General Murguía, with a party of 400 Constitutionalists, while scouting in the foothills surrounding Queretaro, was attacked by a force of 1,000 federal irregulars. A terrific battle waged for several hours and Murguía was

TRAIN KILLS FOUR AUTOISTS

Butler, Pa., Aug. 1.—Four persons were instantly killed, one mile south of Renfrew, on the Bessemer and Lake Erie railroad, when an automobile in which they were riding was struck by a train. The dead are: Vance McKee of Butler; George S. Oliver of Butler; Mrs. Dora Oliver, wife of Oliver; Miss Oliver, daughter.

Servian Soldiers Are Brave Fighters

Servia maintains only 36,000 men in times of peace, but she has mobilized all of her male population trained to bear arms, and the number is 324,000 men. The Servian army is largely composed of veterans with a splendid morale and a record of first rate achievement in the Balkan wars.

forced to retreat to the mountains, leaving 200 dead on the field. The federal losses were heavy also.

It is believed that the federals were commanded by General Pascual Orozco, the famous federal officer who evacuated San Luis Potosí several weeks ago. General Villa sent a telegram to Murguía informing him that he has dispatched reinforcements to the scene and for him to refrain from fighting until they arrive.

Villa continues to remain at Chihuahua, absolutely declining to discuss developments in Mexico, and it can be stated positively that no telegrams are passing between him and Venustiano Carranza.

SISTER: READ MY FREE OFFER

I am a woman. I know a woman's trials. If you, my sister, are unhappy because of health, if you feel unfit for household duties, if you feel that you are suffering, and tell me just how you suffer, and ask for free ten days' trial of a home treatment to your needs. Men cannot understand women's sufferings. What we women know from experience, we know better than any man. I will tell you how to cure yourself at home at cost of about 12 cents a week.

If you suffer from women's peculiar ailments causing pain in the head, back, or bowels, falling or displacement of pelvic organs, causing kidney and bladder weakness or constipation and piles, painful or irregular periods, catarrhs and discharges, extreme nervousness, depressed spirits, melancholy, desire to fear of something evil about to happen, creeping feeling along the spine, palpitations, hot flashes, weariness, sallow complexion with dark circles under the eyes, pain in the left breast, or a general feeling that life is not worth living.

I INVITE YOU TO SEND TODAY FOR MY FREE TEN DAYS' TREATMENT

and learn how these ailments can be easily and surely conquered at home with the dangers and expense of an operation. When you are cured, and able to live again, you can pass the good word along to some other sufferer. My home treatment is for young or old. To Mothers of Daughters, I will explain how to overcome green sickness (chlorosis), irregularities, headaches, and lassitude in young women and restore them to plumpness and health. Tell me if you are worried about a daughter. Remember, it costs you nothing to give my home treatment a ten day trial, and does not interfere with daily work. If health is worth asking for, I accept my generous offer and write for the free treatment, including my illustrated booklet, "Woman's Own Medical Adviser." I will send all in plain wrappers paid. To save time, you can cut out this offer, mark your feelings, and return to me. Send today, as you may not see this offer again. Address:

SPORT LETTER

Cincinnati, Aug. 1, 1914.
It is certain that the Reds now have passed their weakest period of the season and that from now on there will be a noticeable improvement in their work over their performances the past five or six weeks. This statement is made on the strength of the showing made by new players added to the team recently, the fielding and hitting of Mollwitz, first baseman, Daniels and Twombly, outfielders, being of so impressive a nature that it is certain they will greatly strengthen the aggregation as soon as they get working properly with the other members of the team. For a time after the desertion and the failure of Hoblitzell to get into his batting stride matters looked extremely blue for the Reds. However, Manager Herzog was not in the least daunted. He set about securing men to fill the weak spots on the team. After the desertion of Marsans cruiting the right sort of material for a strong finish. More players will report to the team during the present Eastern trip, so that the followers of the game will have something and better to witness out at Redland Field than was offered them during the recent series of the Reds at home.

While it is reasonable to suppose

that the New York team again will win the championship in the Nation League this year, thereby establishing a new record of four consecutive championships, all the other places in the National League, so far as finishes are concerned are in doubt. The Chicago have a fairly good lead in second place, but can be overtaken by St. Louis in a few days. The next teams in the race are so closely bunched that scarcely a day passes that does not see a change in the standing of two or more of the teams in this division. With the improved work now being shown by the Reds, and further strengthening in sight, Manager Herzog is confident that the team will return from its present eastern trip in the first division, and remain there to the finish.

Among the players who are expected to report to Manager Herzog on the present Eastern trip are Outfielder Killefer of the Minneapolis team, Catcher Severeid, of Louisville and Pitcher Fahrner of Dayton. Killefer is considered the best outfielder in the American Association and will come to the Reds as soon as the local club turns a catcher and an infielder over to the Millers. Severeid has practically been purchased and booked for service on or before August 15. It will be remembered that Severeid was with the Reds during the regime of Hank O'Day. His work with Louisville, this season stamps him the best catcher in the A. A. Fahrner, the Dayton pitcher, recently held the Reds for nine innings without a hit, and looks the real goods. It is likely that this trio, and other new men, will be seen on the Reds' line-up when they return home the middle of August, playing their first Sunday game with Brooklyn on August 16, to be followed with the last Sunday encounter of the season with New York on August 23.

There's a trans-Atlantic race on between Jess Willard and Carl Morris, doubtful American heavyweights, to see who can reach Jack Johnson first and take away from him the title of heavyweight champion of the world. Both men feel that then can cop the title, if given the opportunity; and in the present pugilistic frenzy that possesses Europe, there is no doubt that a most advantageous match could be arranged for either man. Of the two Willard looks the better for the reason that he hasn't been in as many fights as Morris, and so has not been defeated as often. So far as size is concerned, either should be able to take the measure of Johnson—but it takes more than beef to make a fighter. It is expected that one or the other will be matched with Johnson during the next few days.

Long distance running races, carded as "endurance contests" seems to be in disfavor for the Kentucky tracks for the fall racing season. It is recalled that the four-mile endurance race at Louisville last fall left in its wake a string of disabled nags, with little glory for the winner; and it is feared that an effort to pull off a similar event this year would result in the rankest kind of a farce. For that reason the makers of the programs for the Kentucky fall racing season are confining themselves to the ordinary form of races, and are giving the freak stuff the go-by.

Looks as if the Marathon would be the biggest feature of the Olympic games, to be held in Berlin in 1916. Four countries—each having American trainers, by the way—have already begun the developing of Marathon material, feeling that to win this event, which is a combination of speed and endurance, will be a great feather in the cap of the successful nation than a whole bushel of points won in other and more freaky events. Austria, Germany, Sweden and Hungary are the countries that are already actively working for the Marathon honor, and within the next few months several other sets of athletes, numbering in the hundreds will start in their respective countries to work up for the big event.

It is now a recognized fact that the best grades of shoe repairing can only be done through the means of machinery. The old time cobbler filled a bill and he was the pioneer in the shoe repairing business. The old time cobbler was all right in his day, but his day is past, and he is now in the way. Cobblers were never shoemakers, that is if we use the term shoemaker in these days. From a professional point of view cobblers are cobblers, and nothing else. Duffee has the modern machinery and knows how to finish the shoes after the machines. Men's sewed soles and heels \$1.00; ladies sewed soles and heels 75c; rubber heels 35c. Get your rubber soled shoes resoled with leather or rubber. I make them better than they were when they were new. Court street, first door below Adams Express office. DUFFEE, 175-tf adv. STORM'S FURY IS WANING

New York Financiers Assert Banks' Position Sound.

STOCK EXCHANGE STILL CLOSED

Would Have Been Called Upon to Bear the Weight of the World's Financial Burdens With All Europe Seemingly on the Verge of War. Four Assignments Announced on the Cotton Exchange.

New York, Aug. 1.—The vast and complex machinery of the securities markets of the world came to a complete halt for an indefinite period. It was an occurrence unprecedented in history.

With all Europe seemingly on the verge of war, the continental exchanges closed several days ago, with the London market following suit, the New York stock exchange would have been called upon to bear the weight of the world's financial burdens. It had virtually done so all the week, for while the London market was open, transactions were only nominal. The unloading of stocks here by panic-stricken Europe during the last four days and the consequent collapse of prices made history in Wall street. To continue longer to bear the burden, in the opinion of the bankers whose influence determines the course of events in the street, would have been hazardous in the extreme. After a period of hesitation and extreme nervous tension, it was decided to close the exchange.

All the other American exchanges quickly followed suit. As it was there were four assignments, three of them announced on the cotton exchange.

It is the impression that the worst of the storm has passed. George W. Ely, secretary of the stock exchange, said there is no indication of trouble from any other quarter. New York's leading bankers asserted unanimously that the position of the banks is sound.

How long the stock exchange will be closed is a matter of conjecture, the answer depending upon the course of events abroad. If a general European war should come, said one member of the stock exchange governing board, "the exchange may be closed all summer." Banking business was not greatly deranged, but dealings in foreign exchange were virtually abandoned.

BIG LOSS AVERTED

Chicago, Aug. 1.—Armour's millions rescued the wheat trade from panic. Instead of chaos resulting from a settlement day in the midst of a war market, with possibly scores of firms embarrassed and a virtual certainty that bankruptcies, few or many, would ensue, the Chicago board of trade was enabled to maintain its record of never having closed, no matter how great the emergency. The chief reason was that seventy-five entangled firms and individuals on 'change were freely given by Armour & Co. whatever aid the necessities of the situation required.

KENTUCKIANS VOTING TODAY

Louisville, Ky., Aug. 1.—Voters of Kentucky are casting their first ballot for United States senators. Democrats, Republicans and Progressives will nominate candidates for the long and short terms. Interest is intense for the long term Democratic nomination, in which Congressman Stanley, Governor McCreary and former Governor Beckham are entered.

AMERICAN TOURISTS PANIC STRICKEN

Paris, Aug. 1.—Every berth on the Trans-Atlantic steamers sailing before September 15th has been sold and many thousands of Americans traveling here, have become almost panic stricken. One of them gave \$1,000 today for a steerage ticket while a Mr. Meyer, of the Hamburg-American offices in New York and who had booked on the Imperator, was able to obtain only an inside berth on the Potsdam, sailing today.

M'ADOO WILL MEET FINANCIERS

Washington, Aug. 1.—To consider what shall be done to protect the financial interests of the United States during the European crisis Secretary McAdoo today called on clearing house associations in New York, Chicago and St. Louis to send representatives here Monday morning to discuss the situation with him.

Other reports received at the White House from American diplomatic officials were characterized as "not encouraging." None received by the President held out any hope that a general European war might be avoided. Official announcement was made that the nomination of members of the Federal Reserve Board to fill the vacancies caused by the withdrawal of Thomas J. Jones will be sent to the Senate Monday.

The President is confident that the new Federal Reserve Bank System can be placed in operation within two weeks after the organization of the board and that it will do much to stabilize the financial situation in the United States.

Berlin, Aug. 1.—The German Imperial Chancellor in a speech today said: "The whole work of Emperor William has been devoted to the maintenance of peace. To the last hour he has worked for peace in Europe and is still working for it. Should all his efforts prove vain and should the sword be forced into our hands we will take the field with a clear conscience in the knowledge that we did not seek war."

New York, Aug. 1.—The North-German Lloyd steamers Frederick Der Grosse, Grosser Kurfurst and the Neckar, which sailed Wednesday, were recalled by wireless today. The Hamburg-American Line sailing to the West Indies and Panama are suspended. The Russian-American Line announced all sailing between America and Russia have been cancelled. Two of its ships will be used by Russia.

Paris, Aug. 1.—An official decree orders the general mobilization of the French army, beginning tomorrow.

Italy will remain neutral, her obligations under the triple alliance treaty applying only to a defensive war. Italy therefore considers herself released from her engagement, the war waged by Austria-Hungary supported by Germany, being essentially an offensive war.

Tokio, Japan, Aug. 1.—The Japanese navy has been prepared to meet any emergency and the Minister of Marines Vice Admiral Iokuro Yaskiro today went to Nikko to consult the Emperor on the international situation. In the meantime the second battle squadron has assembled at the naval station, Sasebo.

Washington, Aug. 1.—Official advices received at the White House today report the German Ambassador leaving St. Petersburg. Ambassador Herrick, at Paris, reported a proposal to place German interests in France in his hands, was being discussed there.

Ambassador Herrick has been ordered to remain at his post at Paris throughout the present serious international situation until his successor, William G. Sharp arrives and takes up his duties probably the latter part of this month.

New York, Aug. 1.—The French Telegraph-Cable Company announced today that there was little likelihood that messages for Germany reaching their destination over its lines as all telegraph wires with Germany have been cut.

London, Aug. 1.—The Westminster Gazette says the Austro-Hungarian government yesterday sent a communication to St. Petersburg declaring that Austria-Hungary had no intention of annexing Servia.

Berne, Switzerland, Aug. 1.—The Swiss Federal Parliament has been summoned to meet on Monday to consider measures to safeguard the independence of Switzerland.

New York, Aug. 1.—Paris dispatches from Rome say that Italy formally notified the German Ambassador there this evening that she will remain neutral.

London, Aug. 1.—The German ultimatum sent to Russia said if Russia did not stop her mobilization by noon today Germany would begin the mobilization of her army.

TELEGRAMS TO LONDON CUT OFF

London, Aug. 1.—The usual flood of telegrams from the continent was suddenly stopped this afternoon and only a few isolated messages were delivered.

ALLIE DEWITT IS CAPTURED AT LAST

Sweetly slumbering in the shade of a gigantic elm tree just south of this city, Allie DeWitt, erstwhile bootlegger, for whom the police have been searching for sometime, was picked up Saturday afternoon by officers Judy and Baughn. He went with them without protest, other than to state that he was not in the city limits when captured.

DeWitt, over whose head a fine of \$100 hangs suspended, and who had agreed to leave the city and never return under penalty of paying the fine, was placed in jail, but later appeared before Mayor Coffey and was informed that the \$100 must be forth coming or he would go to the workhouse.

DeWitt was taken back to the jail to remain a short time until he either pays, or is taken to the workhouse.

The man had signed two agreements to stay out of the city, and Mayor Coffey decided not to trust him with a third.

MEETING OF UNUSUAL INTEREST

The local W. C. T. U. held an interesting suffrage meeting yesterday at the home of Mrs. Sharp-Davies. Five Unions of the county were represented. Mrs. Taggart, County President, was prevented from attending the meeting.

Mrs. Sharp-Davies gave an account of the suffrage parade which occurred Thursday in Columbus. Seventy-three of the eighty-eight counties of Ohio were represented in the parade. Mrs. Frank Kennedy, franchise superintendent, had charge of the program.

Mrs. Gregg read an excellent paper and an original poem on suffrage. Each one present gave her reason for wanting to vote.

Some arrangements were made for the county convention to be held in this city the second week in September. The date will be announced later.

SECT. WALTER PATTON TAKES UP WORK TODAY

Mr. Walter Patton, formerly educational secretary of the Young Mens Christian Association in Springfield, O., and recently chosen by the board of directors of the local Y. M. C. A. to succeed former Secretary Ray F. Zaner, arrived in Washington Saturday to assume his new duties.

Acting Secretary Frank B. Toops, who has had charge of the office since Mr. Zaner stepped out will remain a week or ten days and will assist Mr. Patton in "getting the hang of things."

When interviewed Saturday Mr. Patton said that he has been very favorably impressed with Washington C. H., even in the short time he has been in the city and that he is more than pleased with the Y. M. C. A. itself and the prospect before him.

SPECIAL TRAINS FOR THE STUDENTS

A general exodus from Athens, O., took place Friday, when more than 2400 students, who had been taking summer courses at the Ohio University, took their departure for home.

Special trains were required on the principal roads to handle the big body of students, and all regular trains within 50 miles of Athens were crowded with pupils on their way home.

The list included a large number from this county, who had been taking a six weeks' course at the popular Ohio University.

WATER TRAIN PLACED ON THE B. & O. TODAY

A water train, to be operated between Madison Mills and Midland City, in order to furnish water to engines, was placed on the B. & O. Saturday morning, and will be continued for some time.

The shortage of water in some of the streams, and consequent lack of water in some of the tanks, is responsible for the water train.

Only Miracle Will Now Save Continent From the Impending Horrors of War

Germany, While Professing to be Desirous for Peace, persists in Making Elaborate War Strength Mobilization and Endeavors to Out-do All Other Countries in Preparing for Armed Conflict.

DEFIANT ULTIMATUM GIVEN FRANCE PARIS SAYS PEACE HAS FLOWN

France Abandon Hope and Declare it Folly to Rely on a Peaceful Settlement of the International Crisis—Herrick Ordered by Washington to Stick—May Represent Interests of Germany.

KING GEORGE IN FINAL APPEAL TO RUSSIA FOR PRESERVATION OF PEACE

English Monarch Watches Progress of War-like Situation Until Late at Night And at the Eleventh Hour Calls on Czar—Pointed Out That France is Bound by Treaty to Fight With Russia if Latter is Attacked by Germany.

By Associated Press.

London, Aug. 1.—A Berlin dispatch to Central News says it is officially confirmed that German mobilization is in progress, and that by common agreement the time limit of Germany's ultimatum to France has been extended 48 hours--until noon Monday.

Ultimatums were sent today by Germany to France and Russia. Russia was ordered by Emperor William to stop mobilization within twelve hours expiring at noon, while France was given eighteen hours to declare her attitude in certain contingencies.

Italy probably will remain neutral, as she regards the campaign of her allies, Germany and Austria, as an aggressive war in which she is not called on to intervene.

King George made a final effort today to maintain peace by telegraphing to Emperor Nicholas of Russia.

The Bank of England's discount rate went up to ten per cent today, the highest level it has ever reached. Continental banks also raised their rates.

France was reported to have ordered general mobilization of her forces as the prospects of peace are thought hopeless.

Strict censorship in European countries kept back news of military movements.

Communication by telephone between France and England is interrupted, the governments being desirous of preventing leakage of information.

Japan will not intervene unless British interests in the far east are in danger.

The German Ambassador was reported to have left St. Petersburg.

By Associated Press.

London, Aug. 1.—King George in a final effort to prevent the outbreak of a general European war, today, at the eleventh hour, sent a dispatch to Emperor Nicholas of Russia and his message was understood to contain an ultimate appeal for the preservation of peace.

His Majesty's action was taken after an audience with Premier Asquith at two o'clock this morning.

At the same time from Rome came the news, published in the Messagero, that Italy had decided to remain neutral unless attacked. While this information was not confirmed it was in official circles said to have caused no surprise. On the other hand the fact stood out that Germany had taken a very firm attitude and had asked Russia to suspend the mobilization of her forces within a time limit of twelve hours expiring at noon today. She also had asked France to define within 18 hours the attitude she would assume in case of a war between Germany and Austria against Russia. It was pointed out in unauthoritative circles that France's attitude could only be that under the terms of her treaty with Russia, she would be compelled to intervene.

TO LEAVE POST TONIGHT

Information reached the French Embassy here today that the German Ambassador in Paris has intimated that he proposes leaving his post tonight.

UNEASINESS AMONG GERMAN FORCES

German circles today showed considerable uneasiness all over the world. The German forces in China were being concentrated. The German Consul General left his post at Capetown and German merchant ships were ordered to seek neutral ports.

In regard to the far east the Japanese Ambassador in London said today that as long as the warships belonging to the nations composing the triple alliance remained at Tsing Tau, Japan would take no action against them, but should they attack British interests or should Tsing Tau be attacked a situation would arise which would be dealt with by Japan in the spirit of the Anglo-Japanese alliance.

At the German Embassy reference was made to German mention of French neutrality in her note to the French government and it was said that this seemed to imply that France herself would not be attacked by Germany.

CLAIMS MOBILIZATION ORDERED

The Central News says the Russian Foreign Office this evening received an unofficial message to the effect that German mobilization had been ordered.

DEPRECATE GERMAN OBSTINANCY

The Russian embassy in London this evening points out the difficulty created for Russia by Germany's ultimatum. An official said Russia had nothing against Germany and had merely taken precautionary measures on the Austrian frontier. He added that in spite of the gravity of the situation "conversations" continued both at Vienna and St. Petersburg and that the Russian Premier had declared himself to be imbued with the most peaceful ideas and that he was prepared to go to the uttermost limits to prevent war.

PARIS PREDICTS WAR WILL COME

Paris, Aug. 1.—At the French Foreign Office today officials declared they considered that it would now be folly to rely on any hope of a peaceful outcome of the international crisis.

The German Ambassador to France had packed and was ready to leave at one o'clock this afternoon, when a dispatch reached him from Berlin making some sort of suggestion, which the French government took into consideration and about which it exchanged views with London and St. Petersburg.

AGAIN BOMBARDING BELGRADE

Heir to Austrian Throne Leads Nation's Army

Crown Prince Charles Francis Joseph, next in line to the Austrian throne after the assassination of Archduke Francis Ferdinand, which was the immediate cause of differences between Austria and Servia, will succeed his great-uncle, Emperor Francis Joseph, on the throne. He will lead a large part of the Austrian army in the crisis.

DECISION AFFECTS FIFTY-TWO LINES

Washington, D. C., Aug. 1.—(4:30 p. m.)—Five cent increase in rates for railroads granted by interstate Commerce Commission to apply only to roads between Buffalo and Pittsburgh and the Mississippi river. All increases east of Pittsburgh and Buffalo denied.

Washington, Aug. 1.—It was announced today at the Interstate Commerce Commission "that every effort would be made to publish the decision in the eastern advance freight case" at, or after, three o'clock today.

The decision affects fifty-two railroad systems east of the Mississippi and north of the Potomac and Ohio rivers. The railroads have asked the increase on the ground that they can not meet the increasing cost of wages and other expenses. Opposition to the increase has been conducted.

EXCHANGE IS STILL CLOSED

By Associated Press.

New York, Aug. 1.—The New York stock exchange remained closed today with indications that its doors would not open until the European situation shows more improvement.

PRAY FOR PEACE

By Associated Press.

New York, Aug. 1.—Thirty million members of the World's Sunday School Association, scattered throughout the world, have been called on to pray tomorrow for peace.

WAR DECLARED BY GER- MANY TONIGHT

St. Petersburg, Aug. 1.—The German Ambassador, in the name of his government, sent to Russian Minister at 7:30 tonight a declaration of war.

London, Aug. 1.—It was announced tonight that Germany had issued a formal declaration of war against Russia.

OIL CANNOT BE SHIPPED

By Associated Press.

New York, Aug. 1.—All exports of petroleum and other oil products to Europe have been stopped by the Standard Oil Company, such commodities being considered contraband of war.

HAVE CHOLERA UNDER CONTROL

The veterinarians working on the eradication of cholera from Fayette county swine, have the disease well in hand in this county, and so far only two serious outbreaks have taken place within the past few months, and these were due to the owners of swine neglecting to notify the veterinarians until the disease had a strong hold upon their herds.

With the new disinfecting equipment, it is an easy matter for the veterinarians to completely disinfect a farm where cholera has existed.

MAY PREVENT GENERAL WAR

Russia and Austria Again Engaged in Direct Negotiations.

ENGLAND AND FRANCE ALSO AID

Germany Proclaims a State of Siege While Russia Orders a General Mobilization—Great Britain, France and Minor Nations Also Practically Mobilized—Exports of Foodstuffs Prohibited and Exchanges Closed.

London, Aug. 1.—There are only two factors giving the faintest hope of averting a general European war: First, Russia and Austria are engaged again in direct negotiations; second, both Great Britain and France are using their utmost endeavors in favor of peace.

On the other hand, Russia has ordered a general mobilization and Germany has declared a state of siege, which is undoubtedly a prelude to it if it does not cover mobilization.

France has not yet mobilized, but cabinet councils issued decrees establishing a moratorium and taking other action which could only be determined upon the eve of war. Unofficially, the French army virtually is being mobilized.

A very circumstantial, though as yet unconfirmed, report published in Rome says that Germany is about to demand from both Russia and France the immediate cessation of mobilization. Yet another rumor has it that the German ambassador has notified the French government of his early departure.

Great Britain is practically, though not officially, mobilized, and the smaller European states, as a precaution, have ordered the mobilization of their armies—Belgium, Holland and Switzerland to protect their territory from being used as a highway for the belligerents; Norway, Sweden and Denmark to guard themselves on general principle. Italy makes no announcement, and although a rumor credits her with the decision not to participate in the struggle, there is little doubt that she is making ready for mobilization.

Communication across Europe has been cut off and there is a universal application of the censorship, with the result that it is impossible to obtain any accurate knowledge of what military operations are going on in Serbia. All code telegrams are re-

HERRICK SEES DARK OUTLOOK

Washington, Aug. 1.—President Wilson received a number of dispatches from American diplomatic and consular representatives in Europe on the war situation. Ambassador Penfield cabled from Vienna that the situation was growing worse rapidly. He reported that the emperor had ordered a general mobilization of troops. Ambassador Herrick reported an equally pessimistic outlook at Paris. He stated that one French bank had closed on falling to meet engagements amounting to \$1,000,000.

ROOSEVELT FOR FUSION

Oyster Bay, N. Y., Aug. 1.—Theodore Roosevelt went on record as favoring fusion with Republicans in the congressional contests in states where the Republicans are willing to repudiate their recognized leaders, whom the colonel characterizes as "bosses, bourbons and reactionaries."

Halbert B. Gardner of Portland, Progressive nominee for governor of Maine, and his campaign manager, E. B. Cochems, came to Oyster Bay to protest against nation-wide fusion with the Republicans. Gardner is a simon-pure Progressive and objects to alliances with the old line Republicans.

Roosevelt addressed a letter to Gardner to be used in the Maine campaign and promised to speak in the state. The letter is construed here as an open bid for the amalgamation of the Republican and Progressive forces in every state where the Republicans are willing to overthrow their present leaders or "bosses."

THOUSANDS DIE IN CHINA FLOOD

Washington, Aug. 1.—Drowning of more than 3,000 persons and property losses of \$4,000,000 resulting from great floods sweeping through twenty-nine districts in the province of Kwang-Tung, China, were reported in consular advices to the state department. Eight million persons are in want, the report added, crops have been destroyed and the country is still under water.

BLISTER ON HEEL CAUSE OF DEATH

Dayton, Aug. 1.—Blood poisoning that developed from a blister on the heel caused the death at a local hospital of Harry S. Sparks, a local ball player.

SET TOD TRIAL NEXT TUESDAY

Columbus, Aug. 1.—Trial of David Tod, candidate for governor, on complaint of County Auditor Sayre, of his alleged false statement to the newspapers, was set for Tuesday morning by Judge Osborn. Tod was arraigned and pleaded not guilty. He asked for a jury trial.

U.S. AIDS TOURISTS IN EUROPE

Washington, Aug. 1.—Anticipating that thousands of Americans in Europe will find themselves seriously embarrassed by the war wave sweeping Europe, the state department took steps to handle promptly all cases which arise of Americans in distress. All consuls and diplomatic officers in Europe will be instructed at once to report promptly the name of every American who finds it necessary to apply to the American officials for aid of any kind. These reports will be given out here and the department will assume that all Americans who do not apply at consulates for assistance of one sort or another are in a position to care for themselves. Estimates made by steamship companies place the number of Americans in Europe, mostly tourists, at 150,000.

MURDER FRENCH LEADER

Jaures, Stout Opponent of Militarism, Killed in a Cafe.

Paris, Aug. 1.—Jean Leon Jaures, the Socialist leader in the chamber of deputies, was assassinated. He was sitting in a cafe when a young man entered and fired several shots at him. Two of the bullets took effect in the head of the Socialist leader and he expired in a few minutes.

Jean Leon Jaures was for years one of the most prominent Socialist leaders in Europe. He was always a strong opponent of militarism and the capitalists and a firm believer that international peace could be maintained only by the economic relations of the world. In debate he was forceful and when necessity arose his invective was scathing.

The man who killed Jaures is Raoul Villain, twenty-nine, and a student at the archaeological school. His mother has been a lunatic for twenty years and he himself is known as a crank. His only explanation for his act was that in opposing the three years' military service measure introduced by Premier Viviani the Socialist leader had shown himself an enemy of his country.

EXPENSE ACCOUNTS

Washington, Aug. 1.—Joseph B. Foraker and Warren G. Harding filed statements of the expenses they have incurred in their campaigns for the Republican nomination for United States senator. Foraker itemized a total of \$2,511.90, while Harding says he has spent \$1,475 to date.

AUTO DITCHED

Napoleon, O., Aug. 1.—Alex Bissonette, a lumber buyer, suffered cuts on the head and four of his employees, Albert Baland of Toledo, Carl English, Thomas Bissonette and Charles Teeple, received injuries when their automobile was ditched near Whitehouse.

Poetry For Today

"DON'T SAY THAT."
These are the words we often hear.
"But, goodness, don't say that."
"Tis true, but how it would appear,
So, goodness, don't say that!"
Bill went last evening to the farm
To see a girl whose manners charm;
He stayed till ten and broke his arm.
But, goodness, don't say that."
"Adolphus hustled for a place,
But goodness, don't say that;
He begged, while tears rolled down
his face,
But, goodness, don't say that."
"Would be much better if 'twere said
That he accepted it, instead—
Of course, he chased it when it fled.
But, goodness, don't say that."

"I came to have you print this note,
"But, goodness, don't say that;
"Twas I conceived it, I who wrote,
But goodness, don't say that;
The credit that's the writer's due
I give for good and all to you"—
Of course, we get the curses too,
But they say naught of that."

CONDITIONS IN ALASKA.

Farm and Factory Overshadowed by the Mining Industry.

The mining industry of Alaska is of the first order of importance to that territory. According to the thirteenth census, out of a total male population of only 39,598, aged fifteen years and over, 8,025 persons, or 20.3 per cent, were engaged or employed in the mining industry in Alaska, which goes to show that mining is of first importance in that territory. The capital invested in this industry was \$47,749,000 and the total amount paid during the census year in salaries and wages was \$6,819,000.

In marked contrast there were only 222 farms of a total value, including all farm property, of \$1,468,000. There were also only 152 manufacturing establishments, with an invested capital of \$13,000,000, employing 3,479 persons on salaries or wages, who earned \$2,328,000 for services during the census year. In 1913, according to the United States geological survey, there were 466 miles of railway in the territory covered by nine different systems, from five to 195 miles in length, but only 260 miles were operated. Such transportation facilities are totally inadequate for a territory with a land area of 590,884 square miles. The mining industry is widely distributed throughout the whole of Alaska, and mining operations outside of southeastern Alaska are carried on under climatic conditions fundamentally more or less different from those of the United States.—Engineering and Mining Journal.

AS PARIS SEES US

We're a Queer Sort of Folk and Eat Pig Three Times a Day.

INDIANS AT OUR BACK DOORS.

They Live on Reservations on the Outskirts of All Our Cities and Parade the Streets in Blankets and Feathers. News Parisian Papers Print.

To peruse the Paris newspapers is to discover the most amazing statements about America and Americans—absurd, ridiculous things that reveal to the reader the unfortunate paucity of the Parisian's knowledge of the world. These errors occur in the very best journals of Paris and under editors who stand high in the newspaper world and should know better.

Here are a few examples culled from the leading papers of Paris of the sort of statements commonly passed out to the innocent French reader:

An article discussing the fuel used in different countries includes this statement: "In America the houses are heated by natural gas which comes from the Rocky mountains in tubes or pipes and enters the houses all over the country. No other fuel is now in use in America."

Another enlightening article relates that "all the country west of Chicago is a desert to the California, but it has been marked off with multitudinous ditches, which are kept filled with water from the great Mississippi river, and thus the land is made fertile and crops may be grown."

This about American Indians is amusing: "The American Indians are no longer a menace to civilization. They now live quietly on the outskirts of all American cities in quarters provided for them and called 'Indian reservations.' They may be seen at any time wandering the streets in their blankets and feathers, but they are now quite subdued—the white people no longer fear them."

Here is, indeed, a piece of news: "Canada is a great country and is proud of having been the birthplace of the greatest American patriot, George Washington."

A long article on the Mormon faith says: "The Mormons are a strange religious sect founded by the Rev. Arthur Smith about thirty years ago. Mr. Smith was a contemporary of Mrs. Mary Eddy, the Christian Science founder. But the two could not agree in their faiths, and Mr. Smith went west in a caravan with thousands of followers, many of whom were killed by the Indians in crossing the deserts of America. Mormons have many wives, like the followers of Islam, and they are to be found in all American cities with their large families."

The Parisian is enlightened as to the course of most of our fortunes in this wise: "The reason why so many of the great American fortunes are made in pork packing is because the staple of diet in America is pigs. Everybody eats pig three times a day; just as the Englishman eats roast beef three times a day. The demand for this article of diet has been the means of many Americans founding great fortunes."

The truly democratic origin of our great men is the subject for another article. It tells us: "The presidents of the great American republic have all been of humble origin. The great Lincoln was a tailor and worked in great poverty for many years prior to his taking his place as president. President Cleveland was a New Jersey farmer and was perhaps the most prosperous of all the presidents in his early life. After he had served several terms he returned to his farm at Prince's Town and continued to lead the life of a farmer until he died, doing much of the work with his own hands because he liked to."

"President Roosevelt is of Jewish descent, though not of the orthodox faith, his people having been converted to the Puritan and pilgrim faith soon after they emigrated to the new world. Mr. Roosevelt was a policeman for many years before he entered political life and was also a midshipman in the navy for a time. He has always plainly shown his humble origin and during his terms at the White House would take long vacations and join parties of the roughest kind of men and live with them for weeks—lumbermen, cattle herders and miners. His 'high life' existence was always distasteful to him, and he lived the life of a humble workman even at the White House. Mrs. Roosevelt serving his meals for him, so distasteful were servants to him."

We are told "the sky sweepers of New York are modeled on the idea of the Eiffel tower, but covered with stone. The people who live in the upper apartments are the poorer classes, but their rooms are airy and light, which is really better than living in dark quarters near the ground, as they did on the east side in the days before sky sweepers were built."

Suffragettes will be interested to read the following: "In America woman suffrage has been accepted. The women vote, enter all political positions, and it is said that ere long there will be a woman president. But the unfortunate result of suffrage is that the American woman has become insufferable. She rules with an iron hand, and men are but puppets to her. A Frenchman cannot understand why American men will submit to this 'bossing.' They seem to be afraid of their women and in fear obey them."—Thorndike Colton in Boston Post.

Country Better Off Without Wizards of Finance

By SAMUEL UNTERMYER, Counsel to "Money Trust" Probers

PUBLIC ownership is inevitable and is coming fast in this country, even if all these reforms are adopted. The cry against public ownership will vanish when the opportunity for making profit "out of concessions" of the business is gone.

I DO NOT BELIEVE THIS DEMOCRATIC REPUBLIC IS DOOMED TO FAILURE, BUT IT CANNOT LONG STAND IF MEN ARE GOING TO CONTINUE THE ACCUMULATION OF GIGANTIC FORTUNES, WITH ALL THE POWER THAT GOES WITH THEM AND ALL THE CLASS DISTINCTIONS AND ARROGANCE AND SERVILITY WHICH FOLLOW.

The temptation on the part of candidates for public office to receive assistance from the corporations in their campaign for election ought to be removed as far as possible.

I WOULD DO THIS BY ABSOLUTELY FORBIDDING ANY CANDIDATE TO PAY ANY EXPENSES BEYOND INCIDENTAL AND PERSONAL EXPENSES, SUCH AS CARFARE AND TRIFLING THINGS WHICH WOULD GO UNDER THE HEADING OF AN INCIDENTAL ACCOUNT.

OUR great leaders of business and finance of the past generation have been powerful factors in the splendid development of our country, but by the very qualities that have given them their power and been responsible for their success they have seriously crippled our industrial freedom, besides leaving behind them a trail of corruption which it will take a long time to eradicate.

IF WE STOP TO CONSIDER THE MONEY COST TO THE NATION OF THE ACTIVITIES IN THE DIRECTION OF UNSOUND PYRAMIDING OF TRUST BUILDING ENTERPRISES OF THE FEW MEN WHOSE NAMES WILL OCCUR TO ANY ONE WHEN THE SUBJECT IS MENTIONED WE SHALL, I THINK, ALL AGREE THAT THEY HAVE BEEN IN THE END A HEAVY BURDEN UPON US AND THAT, ON THE WHOLE, WE SHOULD HAVE BEEN FAR BETTER OFF WITHOUT THEM. THE COURTS HAVE BEEN FOR THE PAST DECADE AND WILL BE FOR A DECADE TO COME OVERWHELMED WITH THE RESULTS OF THEIR WORK IN THE EFFORTS TO UNDO IT.

THREE DISTRICTS FAVORED IN DIVISION OF COUNTY

County Board of Education and Various Rural and Village Boards Hold Meeting in Court House This Afternoon and Three Districts in County are Favored by Practically All Boards.

The County Board of Education held a meeting in the common pleas court room, Saturday afternoon, and some 40 members of the various boards of education in the county were present to take up the question of dividing the county into districts.

The first business was carrying over the minutes of the last meeting to a future meeting. Members of the Buck Run school district, which united with Greenfield some weeks ago, were present, and explained their reason for joining the Greenfield district, stating that by so doing the conditions were much better for the district. The district has a school enumeration of 25 to 30 and has an actual attendance of 15 to 17 pupils.

The matter was taken under advisement by the County Board, after which discussions were invited, and nearly every township was represented and the voice of the board was heard.

SERIOUS CHARGE INVOLVING FOUR

John Tatman, Man Who Was Stoned One Night Recently, Places Charge Of Rioting Against Four Men Whom He Blames With Being Source of His Trouble—Penalty a Severe One.

As a result of the stoning of the John Tatman home, and Tatman himself, a few nights ago, four men were placed under arrest Friday night and a charge of rioting placed against them in an affidavit filed by Tatman.

The four men whom Tatman accuses of the offense are: Frank Peacock, Finley Sprague, Frank Hick-

man and Ralph Barrier, and part of the men deny that they were involved in the offense charged against them.

The men were taken before Mayor Coffey and arrangements were made for their hearing, which was set for Monday morning, at nine o'clock. Hickman and Barrier were released upon their own recognizance, while Peacock and Sprague were placed in the county jail to await their hearing.

The affidavit was filed after the police had investigated the trouble. Tatman claims that the four men assembled with riotous intent, and that they unlawfully gathered stones and stoned his house and himself.

The penalty for a conviction on the charge is a severe one, carrying with it a very heavy fine or imprisonment in the state prison or both.

The accused are making preparations to fight the charges against them.

FIRST ROAD PAVING WILL SOON BE READY FOR USE

Contractors Mark & Mark are now completing the first piece of brick road paving in Fayette county, on the Bloomingburg and Midway pike just out of Bloomingburg, the last brick being laid Friday.

It will require a few days to apply the finishing touches, after which the road will be allowed to lay without use for some ten days, and it will be thrown open to traffic about August 15th.

The paving is 3,960 feet in length and 16 feet in width, inside the concrete curb. The brick were laid upon a foundation of gravel and sand, and the foundation was securely packed by rolling before the brick were placed in position. After the brick were laid they were rolled eight times with a heavy tandem roller, after

which they were securely cemented in place, making the roadway absolutely waterproof.

The last day of the work, one bricklayer laid 26,000 brick in place, handling in all about 260,000 pounds of brick in the one day.

Persons who have inspected the roadway are greatly pleased with the work, and when thrown open to traffic the road will be attractive and one which will be much used by machines. Arrangements are already under way to prohibit any unusual speeding on the piece of road.

Tuesday the contract for a mile more paving, beginning at the northern end of the present piece of paving, and extending almost to the south foot of the Willis Hill, will be let. The work will not be started until next spring, however.

WHITACRE LOSES SUPPORT OF POST IN HIS CAMPAIGN

Washington, D. C., July 31—

Because of his declaration that he would bolt the Democratic party if Governor James M. Cox

is renominated, and his violence toward those who interrupted him at a recent political meeting in Lancaster, Ohio, Representative John J. Whitacre, candidate for the Democratic nomination for Governor of Ohio, has forfeited the active support of Representative James D. Post, of Washington C. H., who so far has been Whitacre's chief adherent in the Ohio delegation.

Representative Post left Washington today for his home. He said he would make no speeches for Representative Whitacre. A few days ago he intended to devote his home visit to speeches in behalf of Whitacre's candidacy.

Whitacre's recent activities have resulted in the change of heart on the part of Post and he apparently proposes to leave the Whitacre candidacy severely alone while in Ohio.

CITIZENS WANT SNYDER HANDLED

Regarding the murder of Abe Hiles, a former resident of the A. N. Peters farm, just south of Good Hope, the Waverly Democrat says:

"We have a letter from a leading citizen of Perry township, denouncing the account of what the writer denominates, the almost wanton murder of Abe Hiles. The writer goes on to say that Snyder owed Hiles' daughter some money for work and that Hiles went after the money when the men quarreled. Later Hiles and wife went to the field to pick berries when Snyder took his gun

and ordered Hiles off his land. According to Mrs. Hiles, her husband turned to get his bucket when Snyder fired and shot him in the legs. Mrs. Snyder and Mrs. Hiles moved him home on a sled. The writer asks whether a man may be murdered, in substantially cold blood and nothing done about it. A widow and five little children are left practically destitute."

FOR COUNTY TREASURER

I trust my services as DEPUTY TREASURER the past two years merit your support.

In Social Circles

An affair of exceptional pleasure and distinctive charm was the reception given by Mrs. George H. Hitchcock and her mother, Mrs. John Stuckey, of Cincinnati, Friday afternoon.

Fifty guests, chiefly confined to Mrs. Stuckey's former friends in her home town, thoroughly appreciated the opportunity of renewing earlier acquaintance together with the cordial hospitalities of the afternoon. A graceful cluster of roses shed perfume through the rooms and a dainty summer refreshment was served.

Assisting the hostesses were Mrs. D. S. Craig and Miss Marie Hegler.

The handsome Jackson home on N. Main street was the scene of an exceptionally attractive summer party, Friday morning, given by Miss Emma Jackson in honor of her cousins, Miss Louise Bradford, of Champaign, Ill., and Miss Margaret Fullerton, of Columbus.

A profusion of flowers, black-eyed Susans, snapdragons and marigolds carrying out a harmonious color scheme in shades of yellow and artistically arranged in baskets and vases, graced the spacious rooms.

Fifty younger matrons and girls found the unique entertainment of

the morning, "A Proxy Trip to Europe," as delightful as it was out of the ordinary, and the ingeniousness of the hostess in devising and carrying it out to successful completion, received the unqualified approval of the guests.

Miss Bradford, who possesses a very beautiful voice and the true artistic temperament, added to the pleasure of the morning by several beautiful songs, Miss Dorothy Fullerton accompanying.

Miss Jackson was wearing a lovely gown of white batiste embroidered in pink, with pink girdle.

Miss Bradford was looking extremely pretty in a taffeta gown of white and blue stripe, with trimmings of blue and American Beauty.

Miss Fullerton was charming in lavender and white striped silk, with tunic skirt.

Assisting in the morning's hospitalities, which included a delicious summer collation, were Mrs. George Jackson, Mrs. Frank M. Fullerton, Mrs. Howard Griffiths, Misses Dorothy Fullerton, Ada Woodward, Lillian Davis, and Miss Lucile Jefferson, of Bloomingburg.

Mrs. J. A. Worrell enjoyably entertained two tables of "bridge" Friday afternoon.

Mr. George Hitchcock has sold his attractive home on Ogle street to Mr. Graham Beckel, of Dayton, who will shortly move his family to this city. Mrs. Beckel's former home, Mr. Hitchcock purchased the Saxton home residence on Washington avenue and will remodel it for the occupancy of himself and family.

Mr. and Mrs. Chas. A. Stafford, daughter, Miss Annette, and Miss Flora Allen motored to Russell Point Saturday. Mr. and Mrs. Stafford will spend several days, Miss Stafford and Miss Allen remaining for a ten days camp with friends from Dayton.

Mrs. Theodore F. Brown and guest, Mrs. Clara A. Ent, of Kansas City, were enjoyably entertained Friday by Mr. and Mrs. J. A. McLain and Mr. and Mrs. O. D. Smith, at their attractive country home east of town. Mrs. Ent went to Wilmington Saturday to spend Sunday with friends.

Mrs. Bertha S. Miller and son Oliver, return tonight from a two months' visit with Mrs. Miller's sister Mrs. Will Simpson, and Mrs. George Allen, in Chicago, and relatives in La Fayette, Ind.

Mrs. Charles Allen returned Friday evening from a visit of several days in Columbus.

Mr. Jesse F. Cross returned Saturday morning from Columbus, where he was called as a member of the State Agricultural Board to arrange for State Fair judges.

Miss Nelle Ireland returned Saturday night from a visit of several weeks in Urbana and Mechanicsburg.

Mr. and Mrs. Ellis Daugherty, Miss Dora Hays and Dr. Loring Brock are spending Sunday at Buckeye Lake.

Edith and Anna Louise Wells, who have been visiting their grandparents Mr. and Mrs. J. P. Harsha, for the past month, will return Sunday to their home in Toledo. Their uncle, Mr. Paul Harsha, accompanies them from Columbus.

Mr. Lewis Moore made a motoring trip to Russell's Point Saturday accompanied by Mr. and Mrs. J. W. Rothrock and grandson Arthur Rothrock, who will remain for a summer outing. Mr. Moore expects to return the first of the week.

Misses Nellie Haigler, Ruth and Bertha Mowery, Nellie Brock and Ella Hamer returned Friday night from Oxford, where they have been attending summer school.

Mrs. Grant Marchant and daughter Miss Iris, leave the first of the week for Palmetto, Florida, to join Dr. Marchant, who is interested in orange and grape fruit groves in that section.

William Frayne and Frank Collopy returned Friday night from the Miami University Summer School.

Dr. George Wood and daughter Miss Priscilla, Mr. John Fisher, of Wilmington, and Miss Constance Ballard were motoring guests of the party at Sweet Briar Ridge yesterday.

Misses Arthelia Patterson, Nona Thompson, Goldie Baughn, Mary Rowe, Pearl Gates and Zoe Sorrell, returned Friday night from Oxford, where they have been attending the Miami University summer school.

Mr. and Mrs. Albert S. Glasecock spent the past two days in Cincinnati.

Mrs. N. S. Barnett spent Friday in Columbus, the guest of her sister Mrs. E. F. Kinnear.

Mr. Moses Robbins, of Washington D. C., and mother, Mrs. Sidney Robbins, are the guests of Mr. and Mrs. C. F. Bonham today, enroute from Good Hope, where they have been the guests of Mr. I. N. Bonham and sister, Miss Emma. Mr. and Mrs. C. F. Bonham go to Columbus with them Sunday to attend a family reunion at the home of Mr. and Mrs. Clarence Obetts.

Messrs. Will E. Sumner and Carl Summers are spending Sunday at their home in Jackson.

Miss Alice Boylan returned Saturday morning from a visit in Springfield and Sidney. She was accompanied by Miss Mame Kerrigan, of Sidney, who was her guest for the day, going on to visit relatives in Circleville Saturday evening.

Mrs. Emily Crawford arrived from Columbus Saturday evening to be the guest of Mrs. Chas. Coffey.

Mr. Noah Thornton and wife from Gallatin, Tenn., who have been visiting Mr. Thornton's sister, Mrs. J. A. Bush, have gone to Sabina for a few days visit with Mr. Thornton's sister, Mrs. J. E. Hyer, and will stop enroute home at Frankfort, Ky., to visit Dr. Fred Thornton and wife.

Mrs. Charles Geiger and daughter Miss Rose, of Troy, O., are spending Sunday with Mrs. Geiger's daughter, Mrs. Alex Ballard.

Misses Lois Coffey, Faith Warner, Mable Larrimer, Margaret DeWees and Athel Fultz, chaperoned by Mrs. Clyde Weir, of Indianapolis, Ind., will spend the coming week in Indianapolis.

Mary and Sherman Brownell are visiting relatives at Ashland, O.

Mr. and Mrs. Will Riddle, of London, will spend Sunday the guests of Mrs. Riddle's brother, Mr. Charles McLean, and family.

Mrs. Robert Beeson returned to her home in Cincinnati yesterday, after a month's visit with her sister, Mrs. George Gossard.

Mr. and Mrs. B. F. Leland returned Friday from an extended visit with their son, Br. Ben Leland, Jr., in Boise City, Idaho.

Mr. and Mrs. Frank Osborn, of Milledgeville, are enroute home from a trip to Denver, Colorado Springs, Canyon City, Colo., and Kansas City, Mo.

Miss Ruth Teeters returned from summer school at Athens yesterday.

Mr. and Mrs. E. M. Whelpley will spend Sunday and Monday with Mrs. H. H. Whelpley.

WILLING WORKERS PICNIC FRIDAY

The women of the Willing Workers of East End Chapel with their children, enjoyed a jolly picnic and bountiful picnic supper at the old fair grounds Friday.

A pink and white color scheme was carried out in the supper and the society was indebted to Sauer's Bakery for a large pink iced cake, with "Willing Workers of East End Chapel" in white letters.

Thirty women and children engaged in various games and amusements and "Women's Races" created fun galore. The winners in the races were as follows: 1st. Fat Women's Race, Mrs. Owen Ford, won first, Mrs. Wm. Craig and Mrs. Milt Barnes tied for second. 2nd Race, Mrs. Frank Whitmer first; her fleetness leaving no chance for Mrs. Craig and Mrs. Barnes, or Mrs. Lynn Smith and Mrs.

Wert Backenstoe, who lost on account of nobles.

Mrs. Sherman Reeder acted as judge.

The party had such a fine time that they planned to have another picnic before school begins.

Mrs. Robert Bonham, daughters Virgie and son Andrey of Cambridge, Iowa, were out of town guests.

JESSIE J. WINS THREE STRAIGHTS

George Weaver's pacer, Jessie J., won three straight heats in the 2:19 pace at the Jamestown Fair Friday.

SENATE AMENDS CURRENCY LAWS

Step Taken to Safeguard the Financial Situation Here.

HOUSE ALSO TO ACT PROMPTLY

Action of the Senate Follows Closely Upon the Heels of the Treasury Department's Statement That \$500,000,000 of Emergency Currency Is In Readiness to Be Issued to the Banks—President's Views.

Washington, Aug. 1.—The most impressive of several steps taken by the federal government to safeguard the financial situation in this country growing out of the impending European war was action by the senate amending the Aldrich-Vreeland emergency currency act. This action was taken unanimously by the senate and in almost record time in response to a suggestion from the secretary of the treasury.

The effect of the legislation is to authorize the secretary to suspend temporarily, whenever in his judgment he deems it necessary, the operation of the limitation in the Aldrich-Vreeland act by which banks applying for permission to issue emergency circulations are required to have bond-secured banknote circulation outstanding to the amount of 40 per cent of their capitalization.

The amendment will be passed by the house without delay. The introduction of the amendment in the senate and the immediate action on it followed closely on the heels of a statement by the treasury department announcing that the \$500,000,000 of emergency currency available under the Aldrich-Vreeland act is in readiness in the treasury vaults to be issued to the banks of the country if they desire it.

It was made plain that this step was taken merely as a precautionary measure and to guard against any depletion of the reserves of the banks pending the inauguration of the currency system.

Promptness

CHARACTERIZES THE BUCKEYE STATE BUILDING AND LOAN COMPANY, RANKIN BUILDING, 22 WEST GAY STREET, COLUMBUS, OHIO

1. Prompt in sending the interest to depositors.
2. Prompt in making appraisements for borrowers.
3. Prompt in answering inquiries of all kinds.
4. Prompt in balancing the account books of customers.
5. Prompt in every detail of the company's business.
6. Assets \$7,700,000. Five per cent paid on time deposits.

President Wilson expressed approval of the closing of stock exchanges as a precautionary measure, and after a conference with Secretary McAdoo an official statement was issued announcing that the treasury would aid the banks in all localities so far as it could legitimately. In addition to \$500,000,000 emergency currency now awaiting issue at the call of the banks, the treasury has funds to deposit in financial centers which may need help.

SISTER: READ MY FREE OFFER

I am a woman. I know a woman's trials. I know her need of sympathy and help. If you, my sister, are unhappy because of health, if you feel unfit for household and social pleasures, or daily employment, and feel just how you suffer, and ask for free ten days' trial of a home treatment to your needs. Men cannot understand your sufferings. What we women know from experience, we know how to cure you from to tell you how to cure yourself at home. Cost of about 12 cents a week.

If you suffer from women's peculiar ailments causing pain in the head, back, or bowels, indigestion, nervousness, or general feeling of weight and dragging-down sensations, falling or displacement of pelvic organs, catarrh of the bladder, weakness, or constipation, and piles, painful or irregular periods, catarrh of the uterus, extreme nervousness, depressed spirits, melancholy, desire for hot flashes, weariness, sallow complexion with dark circles under the eyes, palpitating the left breast, or a general feeling that life is not worth living.

I INVITE YOU TO SEND TODAY FOR MY FREE TEN DAYS' TREATMENT

and learn how these ailments can be easily and surely conquered at home. The dangers and expense of an operation. When you are cured, and able to live again, you can pass the good word along to some other sufferer. My home treatment is for young or old. To Mothers of Daughters, I will explain how to overcome green sickness (chlorosis), irregularities, headaches, and lassitude in young women and restore them to plumpness and health. Tell me if you are worried about your daughter. Remember, it costs you nothing to give my home treatment a ten days' trial, and does not interfere with daily work. If health is worth asking for, I accept my generous offer and write for the free treatment, including my illustrated booklet, "Woman's Own Medical Adviser." I will send all in plain wrappers post paid. To save time, you can cut out this offer, mark your feelings, and return to send today, as you may not see this offer again. Address,

MRS. M. SUMMERS, Box H, SOUTH BEND, IN.

RUSSIA IS FOOD SHY

Rome, Aug. 1.—Apropos of the imminence of war a report just issued by the International Agricultural Institute may be of interest. This shows that the crops in European Russia are deficient. The crop of summer wheat amounts to 10,624,000 tons, which is 28 per cent less than at the same time last year. The rye crop is 23,847,000 tons, or 2.4 per cent less than in 1913; barley 10,354,000 tons, 14.7 per cent below that of 1913, and oats 12,342,000 tons, or 23.1 per cent less than last year.

STORM'S FURY IS WANING

New York Financiers Assert Banks' Position Sound.

STOCK EXCHANGE STILL CLOSED

Would Have Been Called Upon to Bear the Weight of the World's Financial Burdens With All Europe Seemingly on the Verge of War. Four Assignments Announced on the Cotton Exchange.

New York, Aug. 1.—The vast and complex machinery of the securities markets of the world came to a complete halt for an indefinite period. It was an occurrence unprecedented in history.

With all Europe seemingly on the verge of war, the continental exchanges closed several days ago, with the London market following suit, the New York stock exchange would have been called upon to bear the weight of the world's financial burdens. It had virtually done so all the week, for while the London market was open, transactions were only nominal.

The unloading of stocks here by panic-stricken Europe during the last four days and the consequent collapse of prices made history in Wall street.

To continue longer to bear the burden, in the opinion of the bankers whose influence determines the course of events in the street, would have been hazardous in the extreme. After a period of hesitation and extreme nervous tension, it was decided to close the exchange.

All the other American exchanges quickly followed suit. As it was there were four assignments, three of them announced on the cotton exchange.

It is the impression that the worst of the storm has passed. George W. Ely, secretary of the stock exchange, said there is no indication of trouble from any other quarter. New York's leading bankers asserted unanimously that the position of the banks is sound.

How long the stock exchange will be closed is a matter of conjecture, the answer depending upon the course of events abroad. If a general European war should come, said one member of the stock exchange governing board, "the exchange may be closed all summer." Banking business was not greatly deranged, but dealings in foreign exchange were virtually abandoned.

SPORT LETTER

Cincinnati, Aug. 1, 1914.

It is certain that the Reds now have passed their weakest period of the season and that from now on there will be a noticeable improvement in their work over their performances the past five or six weeks. This statement is made on the strength of the showing made by new players added to the team recently, the fielding and hitting of Mollwitz, first baseman, Daniels and Twombly, outfielders, being of so impressive a nature that it is certain they will greatly strengthen the aggregation as soon as they get working properly with the other members of the team. For a time after the desertion and the failure of Hoblitzell to get into his batting stride matters looked extremely blue for the Reds. However, Manager Herzog was not in the least daunted. He set about securing men to fill the weak spots on the team. After the desertion of Marsans cruiting the right sort of material for a strong finish. More players will report to the team during the present Eastern trip, so that the followers of the game will have something and better to witness out at Redland Field than was offered them during the recent series of the Reds at home.

While it is reasonable to suppose that the New York team again will win the championship in the Nation League this year, thereby establishing a new record of four consecutive championships, all the other places in the National League, so far as finishes are concerned are in doubt. The Chicago have a fairly good lead in second place, but can be overtaken by St. Louis in a few days. The next teams in the race are so closely bunched that scarcely a day passes that does not see a change in the standing of two or more of the teams in this division. With the improved work now being shown by the Reds, and further strengthening in sight, Manager Herzog is confident that the team will return from its present eastern trip in the first division, and remain there to the finish.

Among the players who are expected to report to Manager Herzog on the present Eastern trip are Outfielder Killefer of the Minneapolis team, Catcher Severeid, of Louisville and Pitcher Fahrner of Dayton. Killefer is considered the best outfielder in the American Association and will come to the Reds as soon as the local club turns a catcher and an infielder over to the Millers. Severeid has practically been purchased and booked for service on or before August 15. It will be remembered that Severeid was with the Reds during the regime of Hank O'Day. His work with Louisville, this season stamps him the best catcher in the A. A. Fahrner, the Dayton pitcher, recently held the Reds for nine innings without a hit, and looks the real goods. It is likely that this trio, and other new men, will be seen on the Reds' line-up when they return home the middle of August, playing their first Sunday game with Brooklyn on August 16, to be followed with the last Sunday encounter of the season with New York on August 23.

There's a trans-Atlantic race on between Jess Willard and Carl Morris, doubtful American heavyweights, to see who can reach Jack Johnson first and take away from him the title of heavyweight champion of the world. Both men feel that then can cop the title, if given the opportunity; and in the present pugilistic frenzy that possesses Europe, there is no doubt that a most advantageous match could be arranged for either man. Of the two Willard looks the better for the reason that he hasn't been in as many fights as Morris, and so has not been defeated as often. So far as size is concerned, either should be able to take the measure of Johnson—but it takes more than beef to make a fighter. It is expected that one or the other will be matched with Johnson during the next few days.

Long distance running races, carded as "endurance contests" seems to be in disfavor for the Kentucky tracks for the fall racing season. It is recalled that the four-mile endurance race at Louisville last fall left in its wake a string of disabled nags, with little glory for the winner; and it is feared that an effort to pull off a similar event this year would result in the rankest kind of a farce. For that reason the makers of the programs for the Kentucky fall racing season are confining themselves to the ordinary form of races, and are giving the freak stuff the go-by.

Looks as if the Marathon would be the biggest feature of the Olympic games, to be held in Berlin in 1916. Four countries—each having American trainers, by the way—have already begun the developing of Marathon material, feeling that to win this event, which is a combination of speed and endurance, will be a great feather in the cap of the successful nation than a whole bushel of points won in other and more freaky events. Austria, Germany, Sweden and Hungary are the countries that are already actively working for the Marathon honor, and within the next few months several other sets of athletes, numbering in the hundreds will start in their respective countries to work up for the big event.

BIG LOSS AVERTED

Chicago, Aug. 1.—Armour's millions rescued the wheat trade from panic. Instead of chaos resulting from a settlement day in the midst of a war market, with possibly scores of firms embarrassed and a virtual certainty that bankruptcies, few or many, would ensue, the Chicago board of trade was enabled to maintain its record of never having closed, no matter how great the emergency. The chief reason was that seventy-five entangled firms and individuals on 'change were freely given by Armour & Co. whatever aid the necessities of the situation required.

KENTUCKIANS VOTING TODAY

Louisville, Ky., Aug. 1.—Voters of Kentucky are casting their first ballot for United States senators. Democrats, Republicans and Progressives will nominate candidates for the long and short terms. Interest is intense for the long term Democratic nomination, in which Congressman Stanley, Governor McCreary and former Governor Beckham are entered.

AMERICAN TOURISTS PANIC STRICKEN

Paris, Aug. 1.—Every berth on the Trans-Atlantic steamers sailing before September 15th has been sold and many thousands of Americans traveling here, have become almost panic stricken. One of them gave \$1,000 today for a steerage ticket while a Mr. Meyer, of the Hamburg-American offices in New York and who had booked on the Imperator, was able to obtain only an inside berth on the Potsdam, sailing today.

M'ADOO WILL MEET FINANCIERS

Washington, Aug. 1.—To consider what shall be done to protect the financial interests of the United States during the European crisis Secretary McAdoo today called on clearing house associations in New York, Chicago and St. Louis to send representatives here Monday morning to discuss the situation with him.

Other reports received at the White House from American diplomatic officials were characterized as "not encouraging." None received by the President held out any hope that a general European war might be avoided. Official announcement was made that the nomination of members of the Federal Reserve Board to fill the vacancies caused by the withdrawal of Thomas J. Jones will be sent to the Senate Monday.

The President is confident that the new Federal Reserve Bank System can be placed in operation within two weeks after the organization of the board and that it will do much to stabilize the financial situation in the United States.

Berlin, Aug. 1.—The German Imperial Chancellor in a speech today said: "The whole work of Emperor William has been devoted to the maintenance of peace. To the last hour he has worked for peace in Europe and is still working for it. Should all his efforts prove vain and should the sword be forced into our hands we will take the field with a clear conscience in the knowledge that we did not seek war."

New York, Aug. 1.—The North-German Lloyd steamers Frederick Der Grosse, Grosser Kurfurst and the Neckar, which sailed Wednesday, were recalled by wireless today. The Hamburg-American Line sailing to the West Indies and Panama are suspended. The Russian-American Line announced all sailing between America and Russia have been cancelled. Two of its ships will be used by Russia.

Paris, Aug. 1.—An official decree orders the general mobilization of the French army, beginning tomorrow.

Italy will remain neutral, her obligations under the triple alliance treaty applying only to a defensive war. Italy therefore considers herself released from her engagement, the war waged by Austria-Hungary supported by Germany, being essentially an offensive war.

Tokio, Japan, Aug. 1.—The Japanese navy has been prepared to meet any emergency and the Minister of Marines Vice Admiral Iokuro Yaskiro today went to Nikko to consult the Emperor on the international situation. In the meantime the second battle squadron has assembled at the naval station, Sasebo.

Washington, Aug. 1.—Official advices received at the White House today report the German Ambassador leaving St. Petersburg. Ambassador Herrick, at Paris, reported a proposal to place German interests in France in his hands, was being discussed there.

Ambassador Herrick has been ordered to remain at his post at Paris throughout the present serious international situation until his successor, William G. Sharp arrives and takes up his duties probably the latter part of this month.

New York, Aug. 1.—The French Telegraph-Cable Company announced today that there was little likelihood that messages for Germany reaching their destination over its lines as all telegraph wires with Germany have been cut.

London, Aug. 1.—The Westminster Gazette says the Austro-Hungarian government yesterday sent a communication to St. Petersburg declaring that Austria-Hungary had no intention of annexing Serbia.

Berne, Switzerland, Aug. 1.—The Swiss Federal Parliament has been summoned to meet on Monday to consider measures to safeguard the independence of Switzerland.

New York, Aug. 1.—Paris dispatches from Rome say that Italy formally notified the German Ambassador there this evening that she will remain neutral.

London, Aug. 1.—The German ultimatum sent to Russia said if Russia did not stop her mobilization by noon today Germany would begin the mobilization of her army.

London, Aug. 1.—The usual flood of telegrams from the continent was suddenly stopped this afternoon and only a few isolated messages were delivered.

ALLIE DEWITT IS CAPTURED AT LAST

Sweetly slumbering in the shade of a gigantic elm tree just south of this city, Allie DeWitt, erstwhile bootlegger, for whom the police have been searching for sometime, was picked up Saturday afternoon by officers Judy and Baughn. He went with them without protest, other than to state that he was not in the city limits when captured.

DeWitt, over whose head a fine of \$100 hangs suspended, and who had agreed to leave the city and never return under penalty of paying the fine, was placed in jail, but later appeared before Mayor Coffey and was informed that the \$100 must be forth coming or he would go to the workhouse.

DeWitt was taken back to the jail to remain a short time until he either pays, or is taken to the workhouse.

The man had signed two agreements to stay out of the city, and Mayor Coffey decided not to trust him with a third.

MEETING OF UNUSUAL INTEREST

The local W. C. T. U. held an interesting suffrage meeting yesterday at the home of Mrs. Sharp-Davies. Five Unions of the county were represented. Mrs. Taggart, County President, was prevented from attending the meeting.

Mrs. Sharp-Davies gave an account of the suffrage parade which occurred Thursday in Columbus. Seventy-three of the eighty-eight counties of Ohio were represented in the parade. Mrs. Frank Kennedy, franchise superintendent, had charge of the program.

Mrs. Gregg read an excellent paper and an original poem on suffrage. Each one present gave her reason for wanting to vote.

Some arrangements were made for the county convention to be held in this city the second week in September. The date will be announced later.

INSTRUCTIONS TO BOARDS OF COMPLAINT

Auditor Henkle has received instructions from the State Tax Commission to be communicated to the Board of Complaints when that board meets Monday to organize.

The pay for each member per day during actual work, is \$5. No clerks and no stenographers are allowed the board.

The instructions suggest that the Board adjourn from time to time in order to give everyone an opportunity who has a complaint regarding the valuation of property.

The work must be completed during the month of August.

FINDS HOME

Humane Officer Gooderl, who was searching for a home for a 16-year-old girl and 14-year-old boy, reports that he succeeded in finding a home for them in this city.

SECT. WALTER PATTON TAKES UP WORK TODAY

Mr. Walter Patton, formerly educational secretary of the Young Mens Christian Association in Springfield, O., and recently chosen by the board of directors of the local Y. M. C. A. to succeed former Secretary Ray F. Zaner, arrived in Washington Saturday to assume his new duties.

Acting Secretary Frank B. Toops, who has had charge of the office since Mr. Zaner stepped out will remain a week or ten days and will assist Mr. Patton in "getting the hang of things."

When interviewed Saturday Mr. Patton said that he has been very favorably impressed with Washington C. H., even in the short time he has been in the city and that he is more than pleased with the Y. M. C. A. itself and the prospect before him.

SPECIAL TRAINS FOR THE STUDENTS

A general exodus from Athens, O., took place Friday, when more than 2400 students, who had been taking summer courses at the Ohio University, took their departure for home.

Special trains were required on the principal roads to handle the big body of students, and all regular trains within 50 miles of Athens were crowded with pupils on their way home.

The list included a large number from this county, who had been taking a six weeks' course at the popular Ohio University.

WATER TRAIN PLACED ON THE B. & O. TODAY

A water train, to be operated between Madison Mills and Midland City, in order to furnish water to engines, was placed on the B. & O. Saturday morning, and will be continued for some time.

The shortage of water in some of the streams, and consequent lack of water in some of the tanks, is responsible for the water train.

CASE ON TRIAL BEFORE JUSTICE

The Fayette Hardware Co. against B. C. Mace, for the recovery of some \$150 alleged to be due the plaintiff was taken up by Justice Craig, Saturday and was still in progress at press time.

A jury of six men was impaneled to hear the case.
